

September 5, 1939.

Mr. F. L. Schlagle,
Superintendent of Schools,
Kansas City, Kansas.

Dear Mr. Schlagle:

It is a pleasure for me to respond to your inquiry concerning the qualifications of Miss Doris Ellen McDermond, who has made application for a teaching position in your school system.

Miss McDermond was one of the outstanding majors in Physical Education who graduated this past June. She did excellent work in this department, and we predict a most successful future for her in her chosen field.

Miss McDermond is a very attractive young woman, charming, intelligent, and enthusiastic. She will be an inspiration to young people who come in contact with her.

I am very happy to recommend Miss McDermond to you for your very serious consideration.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
