Lebo, Kansas
July 22, 1938.

Dear Dr. Allen:

I am so happy about my good luck that I must tell you about it, especially since you were one of the influencing characters.

I have a job in Salina Jr. Hi. for next year. Physical Ed. is all I will have to teach. They have even cut out the Hygiene or rather have combined it with something else and another teacher has it; however, I wouldn't mind teaching it.

I don't know how I can express my thanks to you for what you have done for me. I certainly appreciate it.

I am planning to be in Lawrence before summer school ends and will drop into your office again. I thank you for your kindness.

Sincerely,

Ruth Baker.
