Dear Andy:

Thank you for your good letter of the 6th instant. It was very nice of you to write me regarding our Big Six championship and our book, Better Basketball.

Congratulations on obtaining the appropriation for the new \$178,000 Health and Recreation Building. We made our own supports for our back stops and goals. We used angle iron and placed them from the walls of the auditorium. The fact that our goals are but 10 feet from the wall makes our problem quite easy.

If you could tell me how far you expect to place your goals from the wall that would enable me to give you a little more information that should prove valuable. Or do you know just what your situation will be at the present writing?

Awaiting your reply, and with kindest personal regards, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
