Dear Gene:

I am sending you a check for \$16.72. I have deducted the credit of \$3.54 from \$20.25, which makes \$16.71, and 2% for 10 days would be 33¢. Adding the parcel post and insurance charges, the check according to my calculation should be \$16.72.

Thank you very much for your many courtesies and kindnesses.

Sincerely yours,

Dear Dr. Allen:

We are glad to learn that you are sending in three dozen old balls for reprocessing. If we had any new reprocessed balls on hand, I would be glad to send you three dozen in place of these promptly.

However, we are entirely out of reprocessed balls at the present time with the exception of a brand called "Whip", which we picked up from an outside source; and which I do not believe you would particularly care for.

Therefore, we will hold an order for three dozen balls, and ship them to you just as quickly as we can. We have more reprocessed balls coming from the factory, and should be able to make shipment to you within the next two or three weeks.

Yours for Victory,

WILSON SPORTING GOODS CO.

MEMORANDUM

Date June 13, 1944

From: Dick Maher

To: Dr. Phog Allen

Subj: Wilson K-28 Golf Balls

Stopped at your office this noon but could not wait until you returned.

Would greatly appreciate it if you would order me two dozen of the subject named golf balls. They proved to be excellent playing balls.

Here is the set-up, Doctor. We need a few balls but not necessarily two dozen. In case you might be interested, you may take as few or as many as you desire for your own use. If you don't want any, we'll take the two dozen and easily dispose of any we don't want.

There is absolutely no rush this time if you should decide to order. Of course Doctor, I'm assuming a little too much I realize and taking advantage of your good nature.

So if this is too much bother to you just ignore this favor.

If for any reason you wish to contact me please call the Navy Electrical School - - - Phone 684.

Gratefully yours,

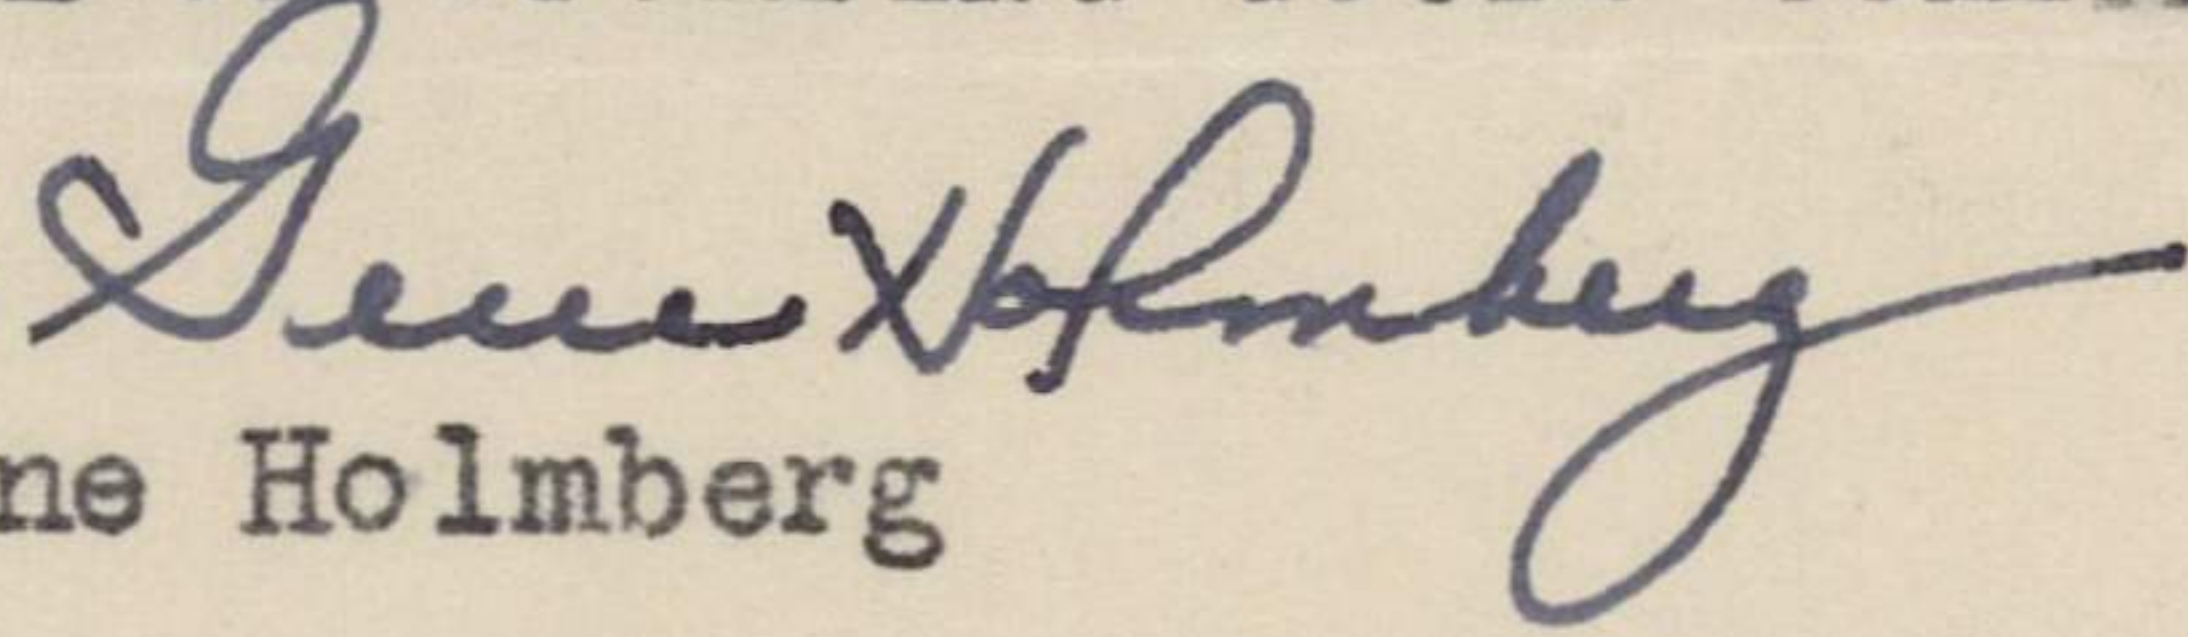

*Dick Maher*

Dear Dr. Allen:

We do not have a surplus of golf balls to sell. Any sale that we make we require our customers to send in old golf balls. We cannot continue to sell you balls without receiving the old ones, but we are shipping you the four dozen balls billed above in order to help you get started. If you have no other means of obtaining the golf balls, I believe it would be a good idea to require those who purchase new balls, to turn in old ones.

Dear Les:

We would like to have 25 Letter Award Certificates  
to be used for intramurals.

I notice in "The Coach" these will be sent free if  
an order for chenille letters is placed. However, we  
are not ordering any letters at the present time. Let  
us know if there is a charge for the Certificates.

Dear Dr. Allen,

Frank Mandeville has asked us to write you regarding a rubber bladder for the large push ball which you have. A factory with whom we recently made contact, is offering the complete ball for sale, as Mandy told you, however, they are not selling separate bladders. We regret that we cannot get one for you.

Mandy also mentioned some gym mats with rubberized covers that are in need of repairs. As far as we know there is no one doing this work at this time. The material is not available for these repairs either, and therefore, we have no definite suggestion to offer you regarding this type of work. Certainly sorry that we cannot help you.

Kindest personal regards.

Dear Doctor:

Unfortunately, we can only find eleven of the No. 918 Carryall Bags. In other words, that's all that we have in stock now and cannot purchase any more.

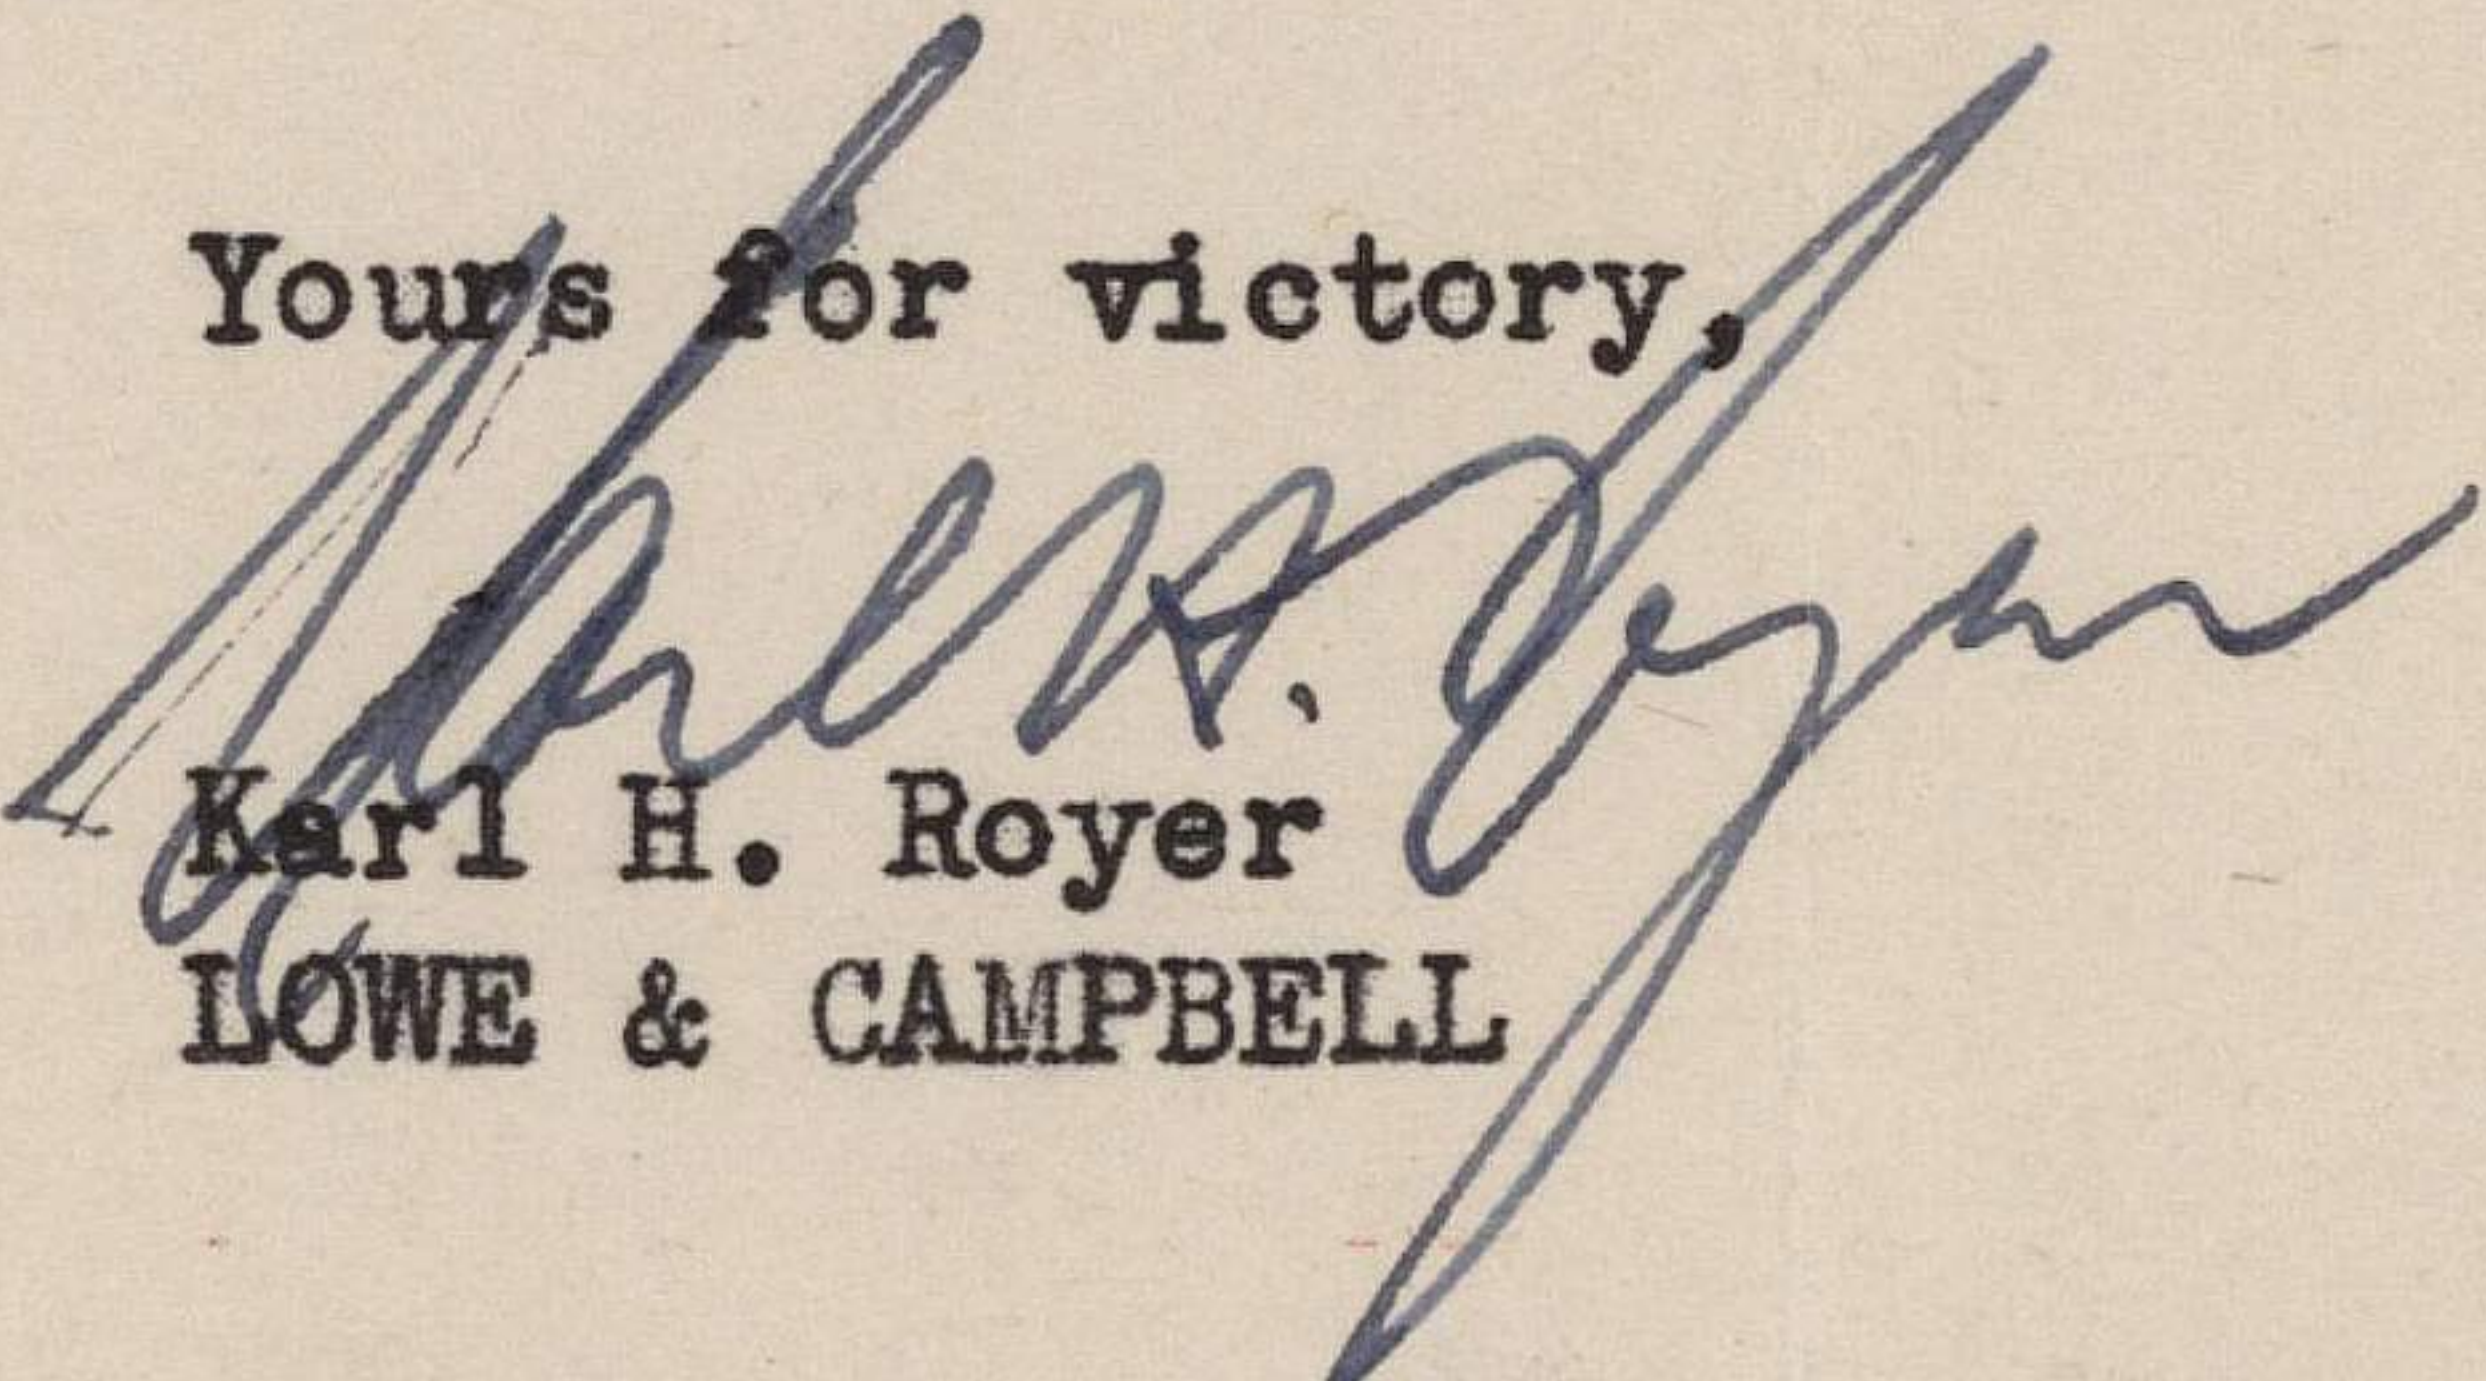

On checking, the boys tell me that they have been shipping out a good many of them, and although we have searched everywhere, a total of eleven is all that we can locate.

We still have a good supply of the same bag in the sixteen inch size, No. 816, and I am sending a sample of this to you today to see if they are large enough. The price is \$3.25.

It might be that you would want to take the eleven eighteen inch bags and the other seven in the sixteen inch size; and again it might be that you would want all sixteen inch bags or perhaps none at all. \*

We await your instructions.

Military Science Building

Dear Colonel:

In a telephone conversation with Dr. F. C. Allen today, he told me that you were interested in purchasing 12 pairs of basket ball shoes, 12 pairs of pants and 12 shirts.

First, on shoes - we have absolutely nothing whatsoever to offer you. Haven't had any basket ball shoes now for quite some time, and no prospects of getting any more at an early date.

However, the shoes that you have that we sold you for your ASTP Training Program could be used for this sport. It is just a suggestion on our part.

On shirts - we have no two color combinations in stock, and it would probably require four to five weeks to have them made up special under conditions today.

We do have plain colors, and we understand that you are interested in either Royal blue or new gold. In our No. B176P, which is a rayon, cotton reinforced shirt, medium weight, we could supply either color; sizes 32 to 42. Price \$1.00 each.

We also have a medium weight cotton, No. B162P, in stock in these colors, which would only cost 50¢ each.

In a pant - we have our No. B289, a good grade OD khaki, standard model; that is, button front, semi-belt, and with pads; sizes 28 to 40 inclusive, which would cost you 95¢ a pair.

Then if your team isn't too large, we could supply our No. B91 Pant, which is a rayon twill, in new gold, as we have sizes only 28, 30 and 32 in stock; the price \$1.35 per pair. If your boys could wear these and then get the No. B176 Shirt in Royal blue, it would make a very flashy outfit.

All quotations are f. o. b. Kansas City, Missouri. Let us know if we can be of service to you.

Yours for victory,

LOWE & CAMPBELL

Dear Red:

I acknowledge receipt of the jerseys which came Saturday morning. I have turned them over to Dean Nesmith for safekeeping and am asking that he check the sizes with some of the boys to see just how suitable they will be for a team. As soon as I have this information I will set about trying to dispose of them for you.

Since our physical conditioning program has been in I have not been getting out of town for anything, save yesterday morning when we met in Kansas City at the Hotel Continental with the Big Six basketball coaches, or should I say the Big Five, because Kansas Aggies will not have a basketball team this year due to the military taking over the gymnasium.

Thanks for your good wishes regarding the family. Mrs. Allen reported a very happy visit with the Lowe-Campbell family.

Sincerely yours,

Director of Physical Education,

Dear "Phog":

I am taking the liberty to send you the basket ball shirts about which I have been writing you but I have delayed doing so for a few days thinking maybe Mandeville could tuck them under his arm and talk to you about them some day soon. If and when you get the package and look these shirts over you feel that they are worth 75¢ each to you for any purpose you are welcome to them at that price.

On the other hand if you cannot use them or if there is not some fraternity group or some other bunch of boys up there that can use them and you do want to return them it will be O.K. to mail them back in or give them to Mandy the first time he is around. I am sending him a copy of this letter so he will be advised accordingly.

I am frank to admit that they might be just a little small for some of your boys then again there are a few that will be all right as to sizes. My thought was that you could at least use them as a practice garment on some of your second or third stringers.

Drop up to the second floor and see us occasionally when you are in town. Mrs. Allen dropped in and paid us a little visit a month or two ago and had a mighty fine looking daughter with her and if I remember correctly looks a little bit like the pater side of the family.

Yours sincerely,
