Dear "Phog":

Would you be interested in some bargain basket ball shirts?

I have about nine or ten sample basket ball shirts here, all lettered "Kansas", and I think three of them are in the solid scarlet color with the word "Kansas" across the front.

I also have about six or eight light weight wool shirts, the body of which is royal blue and the trimming is alternate red and white stripes and the design is something similar to the one shown in our catalog on page 35 under Style JS shirt. It is not just exactly like that but resembles it very much. These too are lettered "Kansas" across the front.

The three shirts referred to above are silk rayon shirts.

Pants.
I believe I have two or three odd pair of brushed wool warmups, too, in scarlet trimmed with your colors down the side seams, and also one Jayhawk hooded warmup basket ball shirt I would sell you cheap.

Phog, all of these are offered to you at real lowdown prices-- I'd say at least 30% off the regular trade prices--and if you are interested drop me a line and I'll be glad to send them to you subject to return if you cannot use them.

On the other hand, if you are going to be in Kansas City soon, drop in and see them.

Here's wishing yourself and the family a Merry Christmas and a successful basket ball season.

Yours sincerely,

"Reo"
