Dear Dr. Allen,

Since we do not make the G385 canton flannel mat covers here in Kansas City, it is necessary for us to write to a New York factory who does make them for a sample of the material. We have done this today asking that they send us a small piece of the material which we in turn will forward to you. This will probably take a week or ten days, but we assure you it will be sent immediately upon receipt of the sample here.

Yours for Victory,

LOWE AND CAMPBELL
