Dr. Forrest C. Allen
Director of Physical Education
Varsity Basketball Coach
University of Kansas
Lawrence, Kansas

Dear Doctor:

A lot of the trophies regularly in our line are no longer available - our stocks have been sold and they are not replaceable.

It is a fact, though, that we still have quite a few in stock and I think there is no question but that you can select awards for your intramural program from the supply without any difficulty.

To make it easy for you to make your selection, I am enclosing catalog pages which have been properly marked to indicate what is "out" and what is "in". Some of those which are marked "in" may soon be sold and for that reason, it would not be a bad idea in placing your order to give us the privilege of substituting something of a similar size and price. Contrary to our expectations there has been an unusual demand for trophies and what may look like a surplus in a certain number one day will be an invisible quantity the next.

Yours for victory,

LOWE & CAMPBELL
