Dear Les:

We have received the 1942 sports catalog No. 71 from Alex Taylor of New York. We notice that Taylor's official Boodi Turf Bowling is somewhat below that price which you quoted us.

We have a letter from Jim Addision, the order supervisor, addressed to the Business Manager instead of to us, in which he states that our order for two No. N288 Turf Bowling sets would receive early attention next week.

I am writing you personally so that you could explain to me the reason for the discrepancy in price of these sets, and if this back order is apt to be much delayed perhaps we could place the order with Alex Taylor and get our bowling sets as they state they have a good supply on hand. Will you kindly write me your reaction?

Sincerely yours,
