

Manuometer ---

Narragansett price is \$20. (with 25% discount -  
price to us would be \$15.00)

The one we have on hand is very old and out  
of date.

Dr. Lapp says they have not been used much  
in schools in the Middle West - possibly more  
in the East. For a time they were quite popular  
in testing programs; then this popularity died  
down for a while, and now they are again being  
used by the teachers. Much depends on the train-  
ing the teachers have had.
