Dear Keady:

Thanks for your good letter of December 2. You are especially fine in asking that I come in and see you at my first opportunity, which I assure you I will be glad to do.

I concur in your belief that both sides want to be perfectly friendly, and the best thing would be to have a personal conference.

We are playing Doane College and Ottawa University on Monday and Tuesday, and if I can arrange any way to come in this next week I assure you I will do it. If not, we will be forced to wait until both of us can make arrangements. You can see how full our schedule is. The way it bunches up does not leave many loop holes for out of town appointments.

With kindest regards, I am

Sincerely yours,

Varsity Basketball Coach,
Director of Physical Education.
