

November 14, 1940

Mr. Wilbur Reese  
President, Country Club  
Kansas Power and Electric Company  
Lawrence, Kansas

Dear President Reese:

I am returning to you the new draft of the By-Laws of the Lawrence Country Club.

I have read these provisions over three or four times and I am passing them along with my okay as a member of the Board.

I feel as if you and Messrs. Hesse, Galloway and Wetzel are in an excellent position to eliminate the bugs and inject the necessary serum into this animal to make it a throbbing anatomical specimen of efficiency and good looks.

I have also studied further the outstanding indebtedness, and I feel confident that a committee appointed to study this will do a good job when it comes to a recommendation.

I will make some plans and submit them to you for the Greeters Group in the hope we can at least improve the rigor mortis of some of the alleged stiffs that they call human beings.

Very cordially yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach
