Dr. Martin T. Myers
Medical Consultant
Crippled Childrens Division
Department of Public Welfare
Atlanta, Georgia

Dear Dr. Myers:

This letter will introduce to you Mr. James Cox,
Trainer at Harvard University.

May I say that Mr. Cox is a graduate of the Uni-
versity of Kansas with an A.B. Degree. He is a pre-medic
and has taken all of his work with the aim of entering the
medical school.

He was married while a student at the University
of Kansas and it was necessary for him to earn his expenses.
He served as Head Trainer at Kansas University prior to his
going to Harvard in the same capacity.

I am not sure whether his work at Harvard will
enable him to pursue his medical course, but he is an espec-
ially brilliant young man, and I am sure if he has an oppor-
tunity, he will continue with his work in the medical school.
He made especially high grades at Kansas and I am sure that
such grades as he made here would be no bar to him at Harvard.

I am very sure that if you will write to James Cox,
he will be very glad to do all he can to aid you. He is an
especially pleasant and cooperative young man, and I would
suggest that write him and tell him what you desire.

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
