

old machine with a new one at no cost to them as they claim their budget was low.

I just received an inquiry from the University of Texas for their use in their corrective gym. Last year thru you I sold the football trainer. I expect this new order to come thru.

I have just written to McFarland. I believe that he sold one in Calif. expect to hear from him soon.

I am going to write to Glenn now. It might bring forth some results. Anyway it will act as a reminder.

Sincerely yours,
