Dear Dr. Allen:

James Cox of Harvard has now had a machine on trial for three months could you in any way sound him out how he likes its use.

The first machine that was sent him did not work properly and this one was sent at a time when possibly he did not have any opportunity to use it. I would like mighty well to have one in use at Harvard, so I want to be careful how I handle him.

Does your University have a course in Physical Education?

Kindest regards.

Sincerely yours,

A handwritten signature in blue ink that reads "F. W. Lang".

Frederick W. Lang
