Lang Foot and Arch Normalizer Co  
Forsythe, Georgia

Dear Sir:

I have returned to you by insured No. 9209 parcel  
post the Normalizer you sent me on trial.

I regret that I did not obtain any benefit from same.  
It may be that I did not understand the proper manner of using same,  
but the use of same seemed to make by feet ache and instep pain me  
considerable, after using the Normalizer. My friend Dr. Allen had  
recommended same so highly that I was in hope that it would help  
my trouble.

Yours very truly
