Dear Dr. Allen:

Nov. 22, 39

I just received a letter from your friend Loomis who wanted to see what he could do in placing devices with the retail shoe stores. The idea is splendid if it will work.

Loomis' friend Wellman sent me an inquiry re the price of my childs size Normalizer which price is just the same as the adults size. I havent heard from him yet if he wants one. Havent had time to get his answer back.

No other news. Kindest regards.
