

September 18, 1945

Forest C. Allen
University of Kansas
Lawrence, Kansas

Dear Mr. Allen,

Thank you very mach for your letter of August 25 th. I would have answered it sooner but the uncertainty of my plans for the future kept me from doing so.

Since I had already enrolled at Baker I finally decided to continue on with this plan and attend ~~sh~~hool here until I am called to the service. Probably one semester at the most is all I'll have before that time. I'm hoping that military training will not last long as I definitely plan to continue with college after it is over and if I have my choice it will be at K. U.

My sister went to Kansas University in 1940. She has told me all about the ~~sh~~hool and I have visited the campus several times. Also I've never missed a basketball game that was possible for me to attend.

Thanks again for the letter.

Sincerely yours,

Jack Leather
