

football game he was to play in. I received
a clipping from home saying he was to
play so of course have wondered about it.

I have been looking for Ralph Schaeke
& his landing craft but to date have seen nothing
of him although I'm sure we have been close
at times -

Best wishes to H. U. and for another successful
season. We are all looking forward to that
first game after all the boys are home.
Good luck Doc in what ever the coming
school year holds for you.
