Dear Miss Hoover:

Thank you for your letter of the 16th instant with cards enclosed, but you failed to return the letter I received from Dean Lawson. I had better have that don't you think?

I am glad that you have had such a wonderful time at home. I know what those visits mean, and to think of all the food that you ate without putting out points. My, isn't that something.

Sincerely yours,

Director of Physical Education
