Mr. Guy Lane,
Cabool, Mo.

Dear Mr. Lane:

I have written to my brother at Preston, Mo., and some time soon he will drive down and look over the place for me. I have been wanting to do that thing for a couple of years, but have been so busy here at the University that the opportunity has not been given me.

I would be glad for you to make an offer, one which you think will be fair to you and to me, - you to fix the fence and to have the exclusive right of pasturing for four months or more.

Sincerely yours,
