627 E. 5th St.,
Hutchinson, Kansas.

Dear Mrs. Ludwig:

Thank you for your kind letter of March 17th concerning the courtesy dinner for the State Patent-Teachers Officers to be held April 14th.

Due to the fact that a member of our staff left recently to join the Army Air Corps, I find that I have added administrative and teaching duties. For that reason I will not be able to attend the dinner you mention.

Very sincerely yours,

I notice where the shrewd Bill Leatherock purchased himself a building. That just shows that these shrewd boys from 'way down yonder see bargains that the country boys in Lawrence fail to recognize.

Good luck to you, Bill. I hope you make another pot of gold.

Dear Dr. Allen:

I have just heard of the extremely regrettable occurrence in connection with your visit here last week to address the boys of our basketball team. I am terribly embarrassed by the conduct of Lyons vandals who caused you that great inconvenience, and want to offer the apologies of this organization.

I am certain that none of the group which attended the banquet is guilty. Your talk to us and the boys there was thoroughly appreciated and for days after was much commented upon by all who heard you. I know that all the boys there were much impressed and would not have been guilty of the vandalism after hearing you, even if one of them might have been so crude before -- but all were inside the dining room before you arrived.

I sincerely hope you do not hold that mean trick against the town of Lyons.

Yours very truly,

B. K. Babcock, President

Dear Dr. Latimer:

I genuinely appreciate your personal message congratulating the family on Bobby Allen's honor which came to him on Friday of last week.

Mrs. Allen told me of the fine visit she had with you when you dropped by our house to visit with her in the flower garden. I had failed to mention to her at that time of your splendid note, but I did tell her about it later and she appreciated it very much.

There is a common interest among parents that makes such an expression highly appreciated.

Again thanking you for your thoughtfulness, and good wishes, I am

Sincerely yours,

Dear Mr. + Mrs. Allen,

May I add my congratulations to the Parents of the young man who has been so signally honored by his Alma Mater - as Honor Student for 1941.

Not only should the boy be honored but also the Home which started him out for such achievements. I know that you are both justly proud.

Dear Coach Lemon:

I have made it a rule to keep my Sunday's as free as possible, and I would much prefer to see the Lacy boy on any weekday or Saturday. For years I did it on Sundays and found that I had no time whatsoever, so I have made it a rule not make these examinations on that day.

If you will let me know what day during the week you can bring the boy to Lawrence I will be glad to see him and render what service I can.

Sincerely yours,

Dear Dr. Allen:

As to the history of the Lacy boy's knee injury: he was injured in gym class about a year ago by falling on a concrete floor. He has no pain in the joint, but the muscles tighten and the knee becomes tired when kept bent for some time.

If you would have no objection we would like to bring the boy up some Sunday at your convenience.

Yours truly,

Coach Chet Lemon,
Iola, Kansas.

Dear Coach Lemon:

I acknowledge receipt of your letter, together with the X-ray picture of Dr. Lacey's son's knee.

Won't you kindly write me and give me a history of the injury - how long it has been, and just how the boy is affected?

I am not sure that the lump below the knee is altogether significant. If the joint is involved it may be ligamentous, not bony. If the boy runs no temperature I do not believe this large growth is wholly significant.

There is no charge for anything that I may do for the boy, and if, after I get a history of the case, Dr. Lacey would like to send the boy up for me to look at, I would be happy to do so with no charge.

Sincerely yours,

Dear Mr. Allen:

I am sending you a couple of pictures of a boys knee that has been giving him trouble and I would like to have your opinion as to what is wrong. One picture is of the bad knee and one of the good. If there is any charges on this please mail me the bill. This boys father is a dentist and he asked me to send them to you. His name is Dr. Lacey. There is a lump about the size of a half a dollar just below the knee. I certainly will appreciate what ever advice you care to offer on this mater.

Yours truly
