

IOLA SENIOR HIGH SCHOOL

FLOYD C. SMITH, PRINCIPAL

Iola, Kansas

May 1, 1942

Dr. Forrest Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

As to the history of the Lacy boy's knee injury: he was injured in gym class about a year ago by falling on a concrete floor. He has no pain in the joint, but the muscles tighten and the knee becomes tired when kept bent for some time.

If you would have no objection we would like to bring the boy up some Sunday at your convenience.

Yours truly,

Chet Lemon
