New-Type Bank 10.3 Sq. Ft.

The new bank is a smaller target of different shape. It permits development of new strategies and improves the game.

## COACHES SAY-

"The new fan-shaped bank is a definite improvement over the old type." . . "Calls for really skillful shooting — no 'wishful' shooting goes any more." . . "Wouldn't return to the old banks for anything." . . "Far superior to the rectangular banks." . . "Our boys didn't like the new banks at first, but now they call the old type 'barn doors' — they're so easy to hit by comparison."... "Your new banks really have increased the spectator visibility in our gymnasium — we are putting in extra seats." . . "More fun than anything — figuring out new plays based on the new fan banks."

(Names gladly furnished on request)

another order for a second pu Porter fan-shaped banks and goals. ant AT GARDEN CITY, KANSAS, the

ter tan-shaped bank and goal. He at once placed his order for Porter resentative called. The Porter resentative of wood, and — RESULT: He placed pair of Porter fan-shaped banks and —RESULT: The High School canhis order for SIX Porter fan-shaped goals. Upon receiving and examin- celled the order they had already MR. COX was so pleased he asked so pleased they immediately placed TER fan-shaped banks and goals.

43. High School had placed an order shaped bank and goal to his friend. for ANOTHER KIND of fan-shaped Mr. Frank Lindley, Superintendent ley, upon examining the samples, banks and goals when a Porter rep-
