Head Trainer  
United States Military Academy  
West Point, New York

Dear Roland,

I am wondering if you were able to procure the tickets for Bob and if they have been sent to him. Understand, I am not nervous about them, but I was anxious that he and Eleanor not miss out on that great attraction.

I would appreciate it very much if you will advise me when you have sent them to Bob.

Give my kindest regards to my friends at the Academy and remember me kindly to Mrs. Logan.

Sincerely,
