

I went with him to this game, and had a nice visit with Mike Ahearn whom I had not seen since 1907. That year the Western Dental College team, of which I was a member, took a trip through Kansas, playing the Kansas Aggies, Fort Riley Soldiers, Bethany College, McPherson College, Sterling College, and the Newton Athletic Club. We won 5 of those 6 games, losing the last night to Newton, 25 to 20.

In the Aggie game, on account of myself being a professional ball player at that time, Mike Ahearn, the coach, played with his team. "Great eligibility rules in those days."

Digging a little deeper into "eligibility", I believe the focus could be thrown on you for if I remember correctly you coached as well as played with the Kansas City School of Osteopathy.

Again thanking you for your letter, and with Best Wishes to you and the family for a Happy and Prosperous New Year, and wishing you continued success with those Jayhawkers in the season just ahead, I remain

Yours very truly,

C. W. Lyon.
