

The Wichita Eagle

Morning, Evening and Sunday

WICHITA, KANSAS

Dec. 14

Dr. F. G. Allen
University of Kansas
Lawrence Kans

Dear Dr. Allen:

Your letter on hand and I have explained your side of the salary angle, and also printed your comment on the Garden hook-up, although I did not altogether grasp whether you favored the Garden promotions or not.

Also, I'm inclosing clipping concerning the game here last year, which explains itself. *no encl.*

My point in a previous letter about K.U. playing in Wichita was that the announcements and plans should originate with Wichita university, which did not seem to be the case.

We do of course, want the Kansas U. basketball series here to continue, every year if possible even when we can't hope to give you much of a game, which is the case next year.

I will surely welcome a chance to talk the matter over when you get down and perhaps there may be a point or two on the local side of it that you haven't had called to your attention.

With best wishes for another big season,

Sincerely

P. A. Lightner
