

recently, classified in  
I A, and on March 8  
he will be re-examin-  
ed by the army phy-  
sicians; if the army  
doctor confirms the  
early report of the  
draft board, he will  
be inducted into the  
army Saturday. The  
young lady, who during  
a period of inactivity  
wrote a clarifying memo<sup>2</sup>  
is feeling fine. I am in  
good health, excluding  
the vision of my left  
eye and the poten-  
tial danger of a sinus  
irritation. At present,  
the sinus constitutes  
no problem; I nurse it
