Supt. D. R. Lidikay  
Bonner Springs Public Schools  
Bonner Springs, Kansas

Dear Supt. Lidikay:

I am answering your favor of the 28th instant, and I am also enclosing a basketball schedule for your attention.

Our next game is with the University of Nebraska, and every seat is taken. Our seating for basketball games is not much better than Kansas State's. We will have our Legislature with us for that game, and the Chancellor is asking a number of people to give up their tickets so that the Legislature may use them. Our next game is with Kansas State, and then we play Oklahoma. It looks as if every one of these games will be a sell-out.

It has been the policy of the Athletic Association to invite high school students for one of the non-conference games, because the conference games are always so badly over-sold that it is difficult for them to exercise the courtesy that we would like to give.

Since four years ago when the Board of Regents changed the administrative set-up here, I have had nothing to do with the handling of tickets. Of course, for the Relays and for some of the football games, specific arrangements can be made, but I am afraid it is a difficult situation when it comes to basketball. However, I am turning your letter over to Mr. Earl Falkenstein, financial secretary of the Athletic Association and first assistant to Mr. Gwinn Henry, and I am sure you will hear from him regarding the possibility of having your boys see one of our games if possible.

I assure you it is a pleasure to hear from you, and I hope that some arrangement can be worked out soon where we will have more room for our high school friends.

With all good wishes to you, I am,

Sincerely yours,

FCA:lg:mln
