Mr. and Mrs. Les Lobban,
West Gay Street,
Warrensburg, Mo.

Dear Buddy and Sammy:

Well, old pals, the book finally arrived and we autographed it and it is going out to you today. We sincerely hope that the yarns in the chapter entitled "Tales of Yesteryear" will recall some pleasant memories with the Lobbans and the Allens in those early days.

I regret that time and conditions have altered our plans to see each other more often, but it seems life works out just that way. You have been a great pair, and we have always cherished your friendship.

It was swell to have a visit with you last month, and we are sincerely counting on Mrs. Allen and Bob and the "old man", as the boys on the basketball team call him, having a visit with you on December 8th.

With all good wishes, I am

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,

Miss Mary Kay Lattner,
1503 E. 27th St.,
Tulsa, Oklahoma.

Dear Mary Kay:

Yes, the mimeographed booklets have been finished, and I will be glad to mail one to you. We find it necessary to charge \$1.25 for these, and you may send me a money order or check, if you wish. There is also a small printed booklet "Playtime Activities" for primary grades (one, two and three) published by the Kansas City Public Schools which Miss Stapleton got for some of the girls. If you want one of these that will be 25¢ extra. (Don't I sound as though I'm really trying to sell something?)

It was a pleasure to hear from you, Mary Kay, and I hope that you will stop in to see us some time soon. We are surely going to miss you this fall. I don't believe there will be anyone who can take your place. You rate "tops" with this office.

We have either seen or heard from several of the girls during the summer. Irene Moll comes up to play badminton occasionally. Alice Paden was here 3 or 4 days last week checking up on bills, etc. Possibly you know that Margaret Curd has a job for next year - at Central College, Fayette, Missouri. We heard from Ruth Baker that she is thoroughly enjoying New York University this summer.

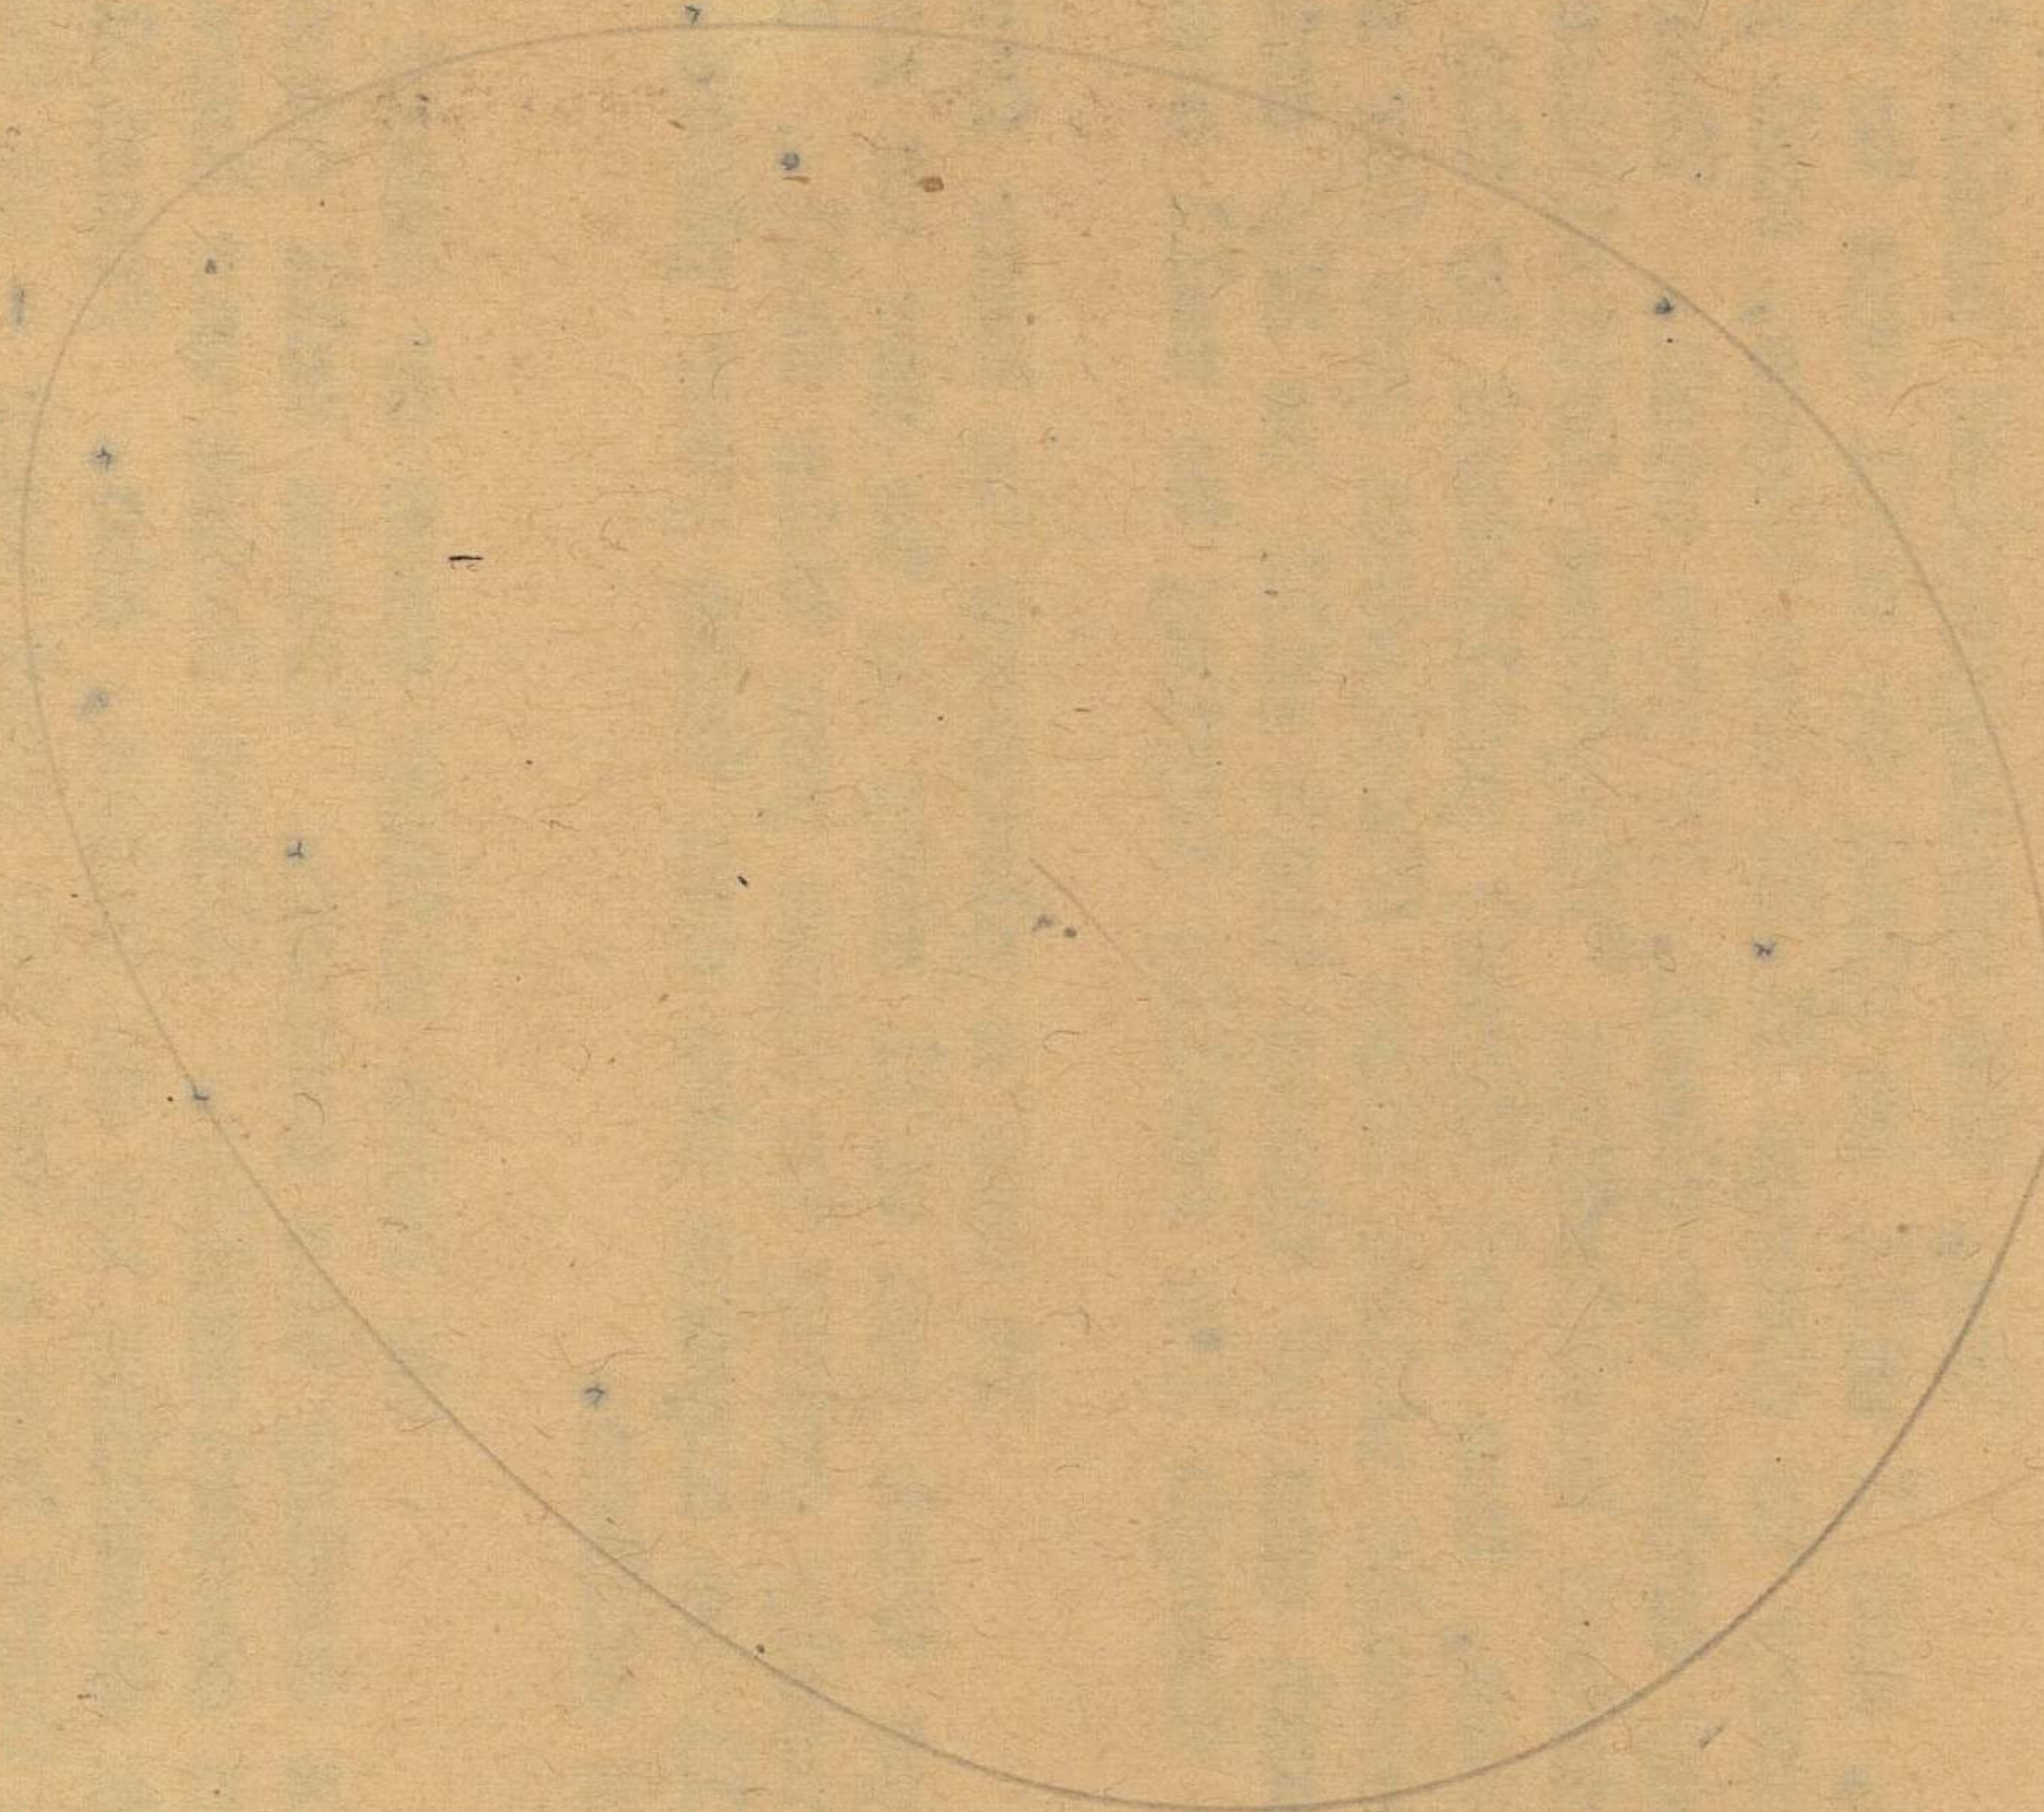

Had you heard of Dr. Elbel's illness? He has been at the hospital for over a week with a facial infection, both "strep" and "staf", and he's been a very sick man, but seems to be on the road to recovery. I think he may be taken to his home this week some time.

Summer School will be over next week, and I think all of us will be glad for a little rest. It has been a lot of fun, though, and we've enjoyed it.

With best wishes,

Sincerely,

Dear Mrs. Hutton,

I just heard through Miss Stapleton
that the bulletin or notes she is having
for her game class is almost complete.
I would so like to have a copy of
all this material & so when you
finish - please inform me so I may
purchase one -

I hope you will give Dean my
heartiest congratulations & wishes for
happiness - I fear I'll never get a note
to him myself -

I'll so miss watching you, Miss
Hutton. You were so small all last
year - Please don't forget me & I am
coming back to see you sometime soon.
I would so appreciate if you'd let me
know about the book business -

As ever,
Mary Kay.

Dear Mr. Lyons:

Your letter of July 26 addressed to the
"Graduate Manager of Athletics" has come to my attention.

I do not believe we would be interested
in having a barnstorming basketball team play at our school
this coming season, as such teams are decidedly unpopular
in this section of the country. We have our conferences and
leagues, and most of our games are scheduled within these
groups. Occasionally, early in the season, we schedule
games with traveling teams, but these games are generally
played for practice.

Thanking you for your interest in us, I am

Dear Sir:

At the present time I am formulating a plan where it will be possible to have some of the leading Eastern college basketball teams play at your school at a minimum cost. Every student of the sport must admit that the finest ball handlers in the country are natives of the metropolitan area and its vicinities.

Please bear in mind that I am not attempting to underestimate the playing ability of the boys representing your school..

I know that if you were to book one of these teams for a one night stand at your playing field the expense would be anywhere from \$1500 to 2500 dollars for the cost of the visiting team.

I am arranging a ten game schedule on the road for some of these Eastern colleges so that it will be possible for me to bring them into your city for a few hundred dollars. Exact dates will be available in a number of weeks. At the present time I would like to get your reaction and also if you would be interested in booking these teams for the coming season.

Awaiting your early reply.

Very truly yours

Miss Mary Kay Lattner,
1503 East 27th St.,
Tulsa, Oklahoma.

Dear Mary Kay:

It was a great pleasure to receive your letter this morning, and I am glad to know you had a trip to California. I am sure you must be having a most enjoyable summer.

I am interested in knowing of your application to Superintendent Cowans, and wish you the very best success. If there is anything at all that we can do for you please do not hesitate to let us know. No matter whether you are in Oklahoma or Kansas, it will always be a pleasure to do any favor for you that we possibly can.

We are having a lot of fun this summer, and keeping quite busy, too. I am teaching two courses every morning and in addition have charge of the recreational program for the summer students. Dr. Elbel is also teaching here this summer, handling the graduate seminar and special problems.

Yes, Max and Paul are in summer school, and also Dave Shirk. Dave has been my right hand man with the recreation set-up this summer, and he is doing a fine job. He and Max are in my class in Community Recreation.

Mrs. Webster received word of the death of her mother last week, at Muskogee, Oklahoma, so she was out of her office for a few days. Miss Hoover is out at Boulder, Miss Byrn up at Madison, and Miss Stapleton is in Michigan. Our faculty women are rather scattered this summer, and we expect some interesting reports from them in September.

Dean Nesmith is planning to be married the 15th of August to Norma Wallace, whom you possibly know. Dean is in summer school, but spends most of his week-ends with his future wife. Norma had an operation for appendicitis about the 4th of July, and of course Dean has been concerned about her recovery. We are glad that she is improving so rapidly.

We are always glad to hear from you, Mary Kay,
and whenever you come to Lawrence be sure to stop in to
say "hello".

With very best wishes for a pleasant summer,
I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

July 19, 1939

Dear Dr. Allen,

This is something I've been contemplating and really wanting to do since June 12. Upon leaving Lawrence after graduation, however, I left immediately for California with my family. I have just now returned from that trip and now am free to write the letters I meant to write so long ago.

I so enjoyed my last semester's work under you, Dr. Allen and I had no opportunity to tell you that or even goodbye before I left. You were so very kind in all you did there toward the last and you've no idea how hard it was not to come back with the job for you. I really did appreciate all your efforts so much. It still seems impossible that I won't be returning in the fall to Robinson gymnasium to resume my education. It was so fine that I know I'll miss it dreadfully.

As yet my future is most indefinite. I went with my father to see H. W. Gowans, Supt. of Schools here in Tulsa this morning. They have about 2500 applicants for a possible 25 vacancies. However I am applying too and we shall await developments. Mr. Gowans remembered you, incidentally, and said he even knew you as a freshman at the University.

I've been so long away that I've not heard from any of the boys or girls at school. I am hoping, however, that they all found good jobs and are getting on well. I understand Max and Paul are in summer school with you so you are no doubt all having fun.

I do hope, Dr. Allen, even if I won't be representing the department in Kansas that you won't forget me. I intend to get back sometime although Tulsa is a long way. When I do, I'm going to make a point of seeing you. Please remember me to all the Allen family and any of the old P.E.s you might see. It was such a pleasure to work with you and I do hope in some way I may have the pleasure and experience again.

Sincerely,

Mary Kay Lattner '39

P. S. Please remember me Mrs. Hulteen.
She is so swell.

July 21, 1939.

Mr. and Mrs. Les Lobbin,
Warrensburg, Missouri.

Dear Buddy and Myrtle:

I want you to know how grand it was of you to do the kindnesses that you did for old man Allen. He certainly appreciated it, and I am doubly sorry that Bess could not be with me, but the way the weather turned out I know that she would have died because she just can't take the hot weather.

I had a grand visit with you people and we are counting on December 8th with great anticipation - we want to meet the gang again and really celebrate.

I have written to New York for my book, "Better Basketball", and when it comes I will autograph a copy for your family, one for Tom and Anne and one for Kibe and Jean. It should be forthcoming in a little while and I want you to read the Tales of Yesteryears. I know you will get a kick out of some of them.

With all good wishes to you, I am

Very sincerely yours,

OFFICE OF THE DEAN

Doctor F. C. Allen

My dear Doctor Allen:

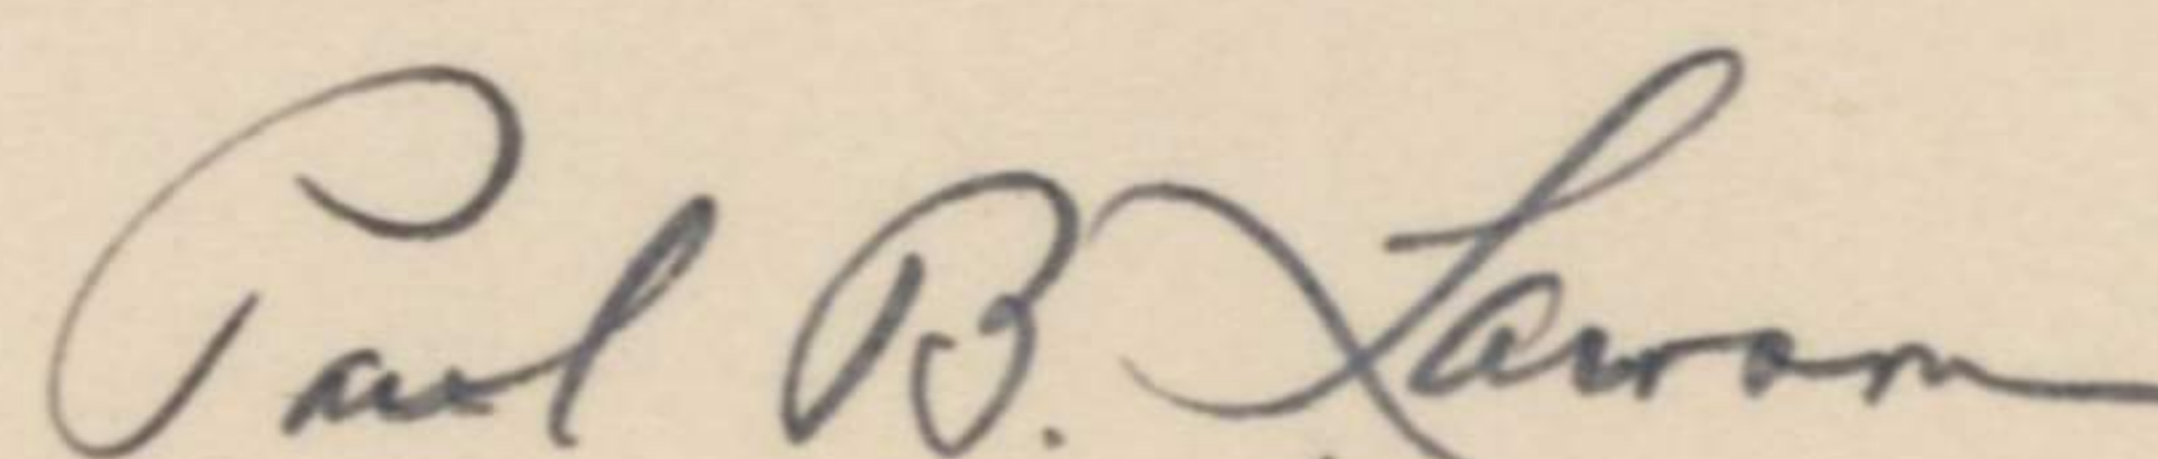

Paul Moritz is going to China, a messenger of goodwill from the college students of America to the college students of China. If ever the young people of a nation needed help these Chinese students do, and if ever a young man was qualified to give the needed help Paul is the lad.

Paul hopes to attend the World Christian Youth Conference to be held at Amsterdam in August and then go on across Europe for a year in China under the auspices of the International Committee of the Y.M.C.A. This will cost some hundreds of dollars for traveling expenses alone.

In view of his wonderful scholastic record, his presidency of the Y.M.C.A. for the last two years, his all-round leadership both on this campus and among the Christian young people of the nation, and because he is one of our own boys who commands our strongest admiration and love, I am writing to ask a few of my friends if they would be willing to send me five dollars to help pay this wonderful lad's traveling expenses and enable him to give himself to the needy young people of China for a year.

I know that you are tired of being asked for money, but I honestly do not believe you could invest five dollars in a better boy or a better cause. May I hear from you?

Dear Mr. Leather:

Just prior to my leaving for Atlanta I was looking through my portfolio and I find a copy of my letter to you of April 28 stating that I would write you upon my return from the basketball rules meeting in New York.

I greatly appreciated your letter to me of February 21. There are many good men in Nebraska, and Nebraska can offer so much more than we can. I do appreciate your loyalty to the University. Thank you very much. I have always felt that unless a boy really wants to come to the University, when he is halfway up in the air the school that has the inside track generally outbids any reasonable offer to help a boy. The only jobs we have here are at 35¢ an hour, and the fact that a boy competes in athletics here doesn't make it possible for him to earn any more money, simply because he is an athlete.

However, I do appreciate your writing me, and I thank you for your interest.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

PLAYS UNBEATEN FALLS CITY

Mar to Perfect Record Tonight Is Aim of Creighton Prep Cagers.

FALLS CITY, NEB., Feb. 20.—The Falls City basketball team that battles the strong Creighton Prep aggregation from Omaha here tomorrow night boasts an average of more than forty points a game. In registering eleven straight triumphs, Coach (Jug) Brown's Tigers have amassed 446 points while limiting their opponents to 166.

With the exception of the classy Jackson high outfit from Lincoln, no quintet has come closer to upsetting the Brownies than eleven points. The margin of the Falls Citians over Jackson was 24 to 21.

Against the Omaha club, the Tigers will be seeking their twenty-sixth victory without a reverse in a regularly scheduled tilt.

Dear Doctor Allen:

This letter is to bring your attention to the high school in Falls City, and especially the players. Being a town of 5,789, it has, year after year, won practically all of their games, not only in basketball but football as well. I am well acquainted there and I feel perhaps you might find some valuable players in the graduating class there this year. I clipped this article as it explains better than I could, the sad of team this little Nebraska high school team and regularly.

You never know me although I have admired you in many ways for the last three years. Last Saturday we commenced a little, while standing in line at the post office to send "dirty linen" home. Bob should be very grateful in having a father like you, sir. I had a wonderful dad for twenty-three years, only to see him drop one dead at our breakfast table December 23, 1937. I have since found that dads are worth their weight in gold.

I wanted to let you know about this team as T.U. will be my Alma Mater next February, and I want to help it continue its marvelous record in basketball if I can. If I have been of any service to you that will be all the thanks I want. You see I think a great deal of T.U.

In closing I wish you all the luck in the world in beating Oklahoma. I'll be cheering my lungs out in the first balcony. I'm a poor loser, and I have to win. Since the season opened I have been wanting to shake hands with you and all the boys, so maybe I will after the game Saturday night if I can get through the crowd.

The very best of luck and may you win.

Sincerest regards,
George Leather

P.S. I would like
very much to
hear from you, sir.

Dear Mary Kay:

The two booklets were mailed out to you yesterday, and I hope you receive them in good order. Thank you for your check for \$1.50, which goes into departmental funds to pay for the cost of the booklets.

Dr. Allen left Sunday night for St. Louis where he expects to talk over some business matters with the manufacturers of the goal for his new basketball game - "Goal-Hi". From St. Louis he will go on to Atlanta, Georgia, for a coaching school. He will be gone until about the first of September. He has been working so terribly hard during the entire Summer Session that I think this change of scenery, at least, will do him some good - although I don't suppose he will really get to loaf much.

Dr. Elbel is much better and has been to the office a few times, but he doesn't have much pep yet. He really had a critical illness, and I guess it takes some time to get his system built up again. Anyhow, we're all glad it was no worse.

There is very little news around here these days - the campus is deserted. I'm trying to get things cleared up here at my desk, and then I hope to get away for a little vacation.

Lots of good luck, Mary Kay. Drop me a note occasionally and let me know how you are getting along.

Very sincerely,

9.

Dear John:

In cleaning out my desk prior to leaving for St. Louis and Atlanta where I have a coaching school, I find your letter of May 25 asking for information on a combination electric clock and scoreboard. I am sorry that I have neglected this correspondence and I assure you that I would not have done so had not an accident occurred.

I had attached to your letter a pamphlet from the National Electric Score Board Company, of Berrien Springs, Mich. I am sure by now that you have already determined on your choice, but if you have not I would suggest that you write these people as I am sure they will give you some valuable information.

By the way, John, I have just worked out in my mind why you call those violations on Golay in some of our games for jumping over the free throw lane. When I was back at the Rules Committee meeting in New York some of the members thought that if you jumped above that lane before the ball entered or missed the basket that it was a violation. It is not a violation unless you step over on or across that line and put your foot on the floor or touch it before the ball enters or misses the basket. I would like for you to explain that ruling. I have always been mystified by the way you called it.

With all good wishes, I am

Very sincerely yours,

Dear Warren:

We have just graduated Dick K. LaBan in our Department of Journalism. Dick was also editor in chief of "The Sour Owl" the humorous publication of the University. I think he has something on the ball and when he wanders around the "Windy City" if he should drop in your office I would be glad if you would give him counsel and help him in any way that you could.

You know when a young chap just gets out of college he needs some friends. I have written Arch Ward and Wilfred Smith, as well as George Hollingberry and Charles Younggreen.

By the way, I just met your wonderful mother a week ago. Maryne and she drove through the campus and Maryne stopped. I had a splendid visit with your mother. You know, I told you once before that someone said to me, "I would like to meet the Woody children's father and mother. They must have had something on the ball to raise such a group of personable youngsters." Now this is no applesauce, Mister Woody, these are quoted words from an admiring individual.
