Lawrence Police Department,
Lawrence, Kansas.

Dear Sirs:

We greatly appreciate the fine cooperation shown by the Lawrence Police Department in sending two officers to help with the traffic situation at last night's dance on the University campus.

We felt the dance was a great success - we had the moon on our side, as well as the officers.

If at any time you and your families, as well as other citizens of Lawrence, wish to avail yourselves of the opportunities on the playground we will be glad to welcome you. The playground is open from 7 to 9 p.m. on school nights, and the games are free.

Again thanking you for your splendid cooperation,
I am

Very sincerely yours,

Mr. Les Freeburg,
Lowe & Campbell Athletic Goods Co.,
1509 Baltimore Avenue,
Kansas City, Mo.

Dear Les:

It looks as if an accident had happened to my driver. Since I bought these clubs last year I was the recipient of a new set by my Lawrence friends, so I turned these over to Bobby. Bobby and I have been playing and I guess he got a little too husky.

At any rate, I am sending this in and I would appreciate it very much if you would put a new head on it if you think it needs it. I believe the crack is beyond repair. However, if this could be fixed, according to your opinion, do that and ship it to me at your early convenience.

I have been mighty well pleased with these Wilson clubs. They are dandy. It is difficult for me to say which clubs I like the better.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,

Since I have not heard from you after I wrote you on May 15th, I am wondering if you have decided to enroll at K. U. this fall.

I hope things have worked out satisfactorily for you, and if there is any way I can be of help to you it will be a pleasure for me to do so. I will be teaching here in the Summer Session until August 7th, and if you find it possible to come to Lawrence before that time it will be a pleasure to talk with you.

Dr. F. C. Allen
Director of Physical Education

Lawrence, Kansas.

Dear Sir:

Your unexpected visit last Tuesday was very timely as far as the Miller situation is concerned. The boy was very impressed at meeting both you and Vic Hurt. He certainly is enthused about attending K. U.

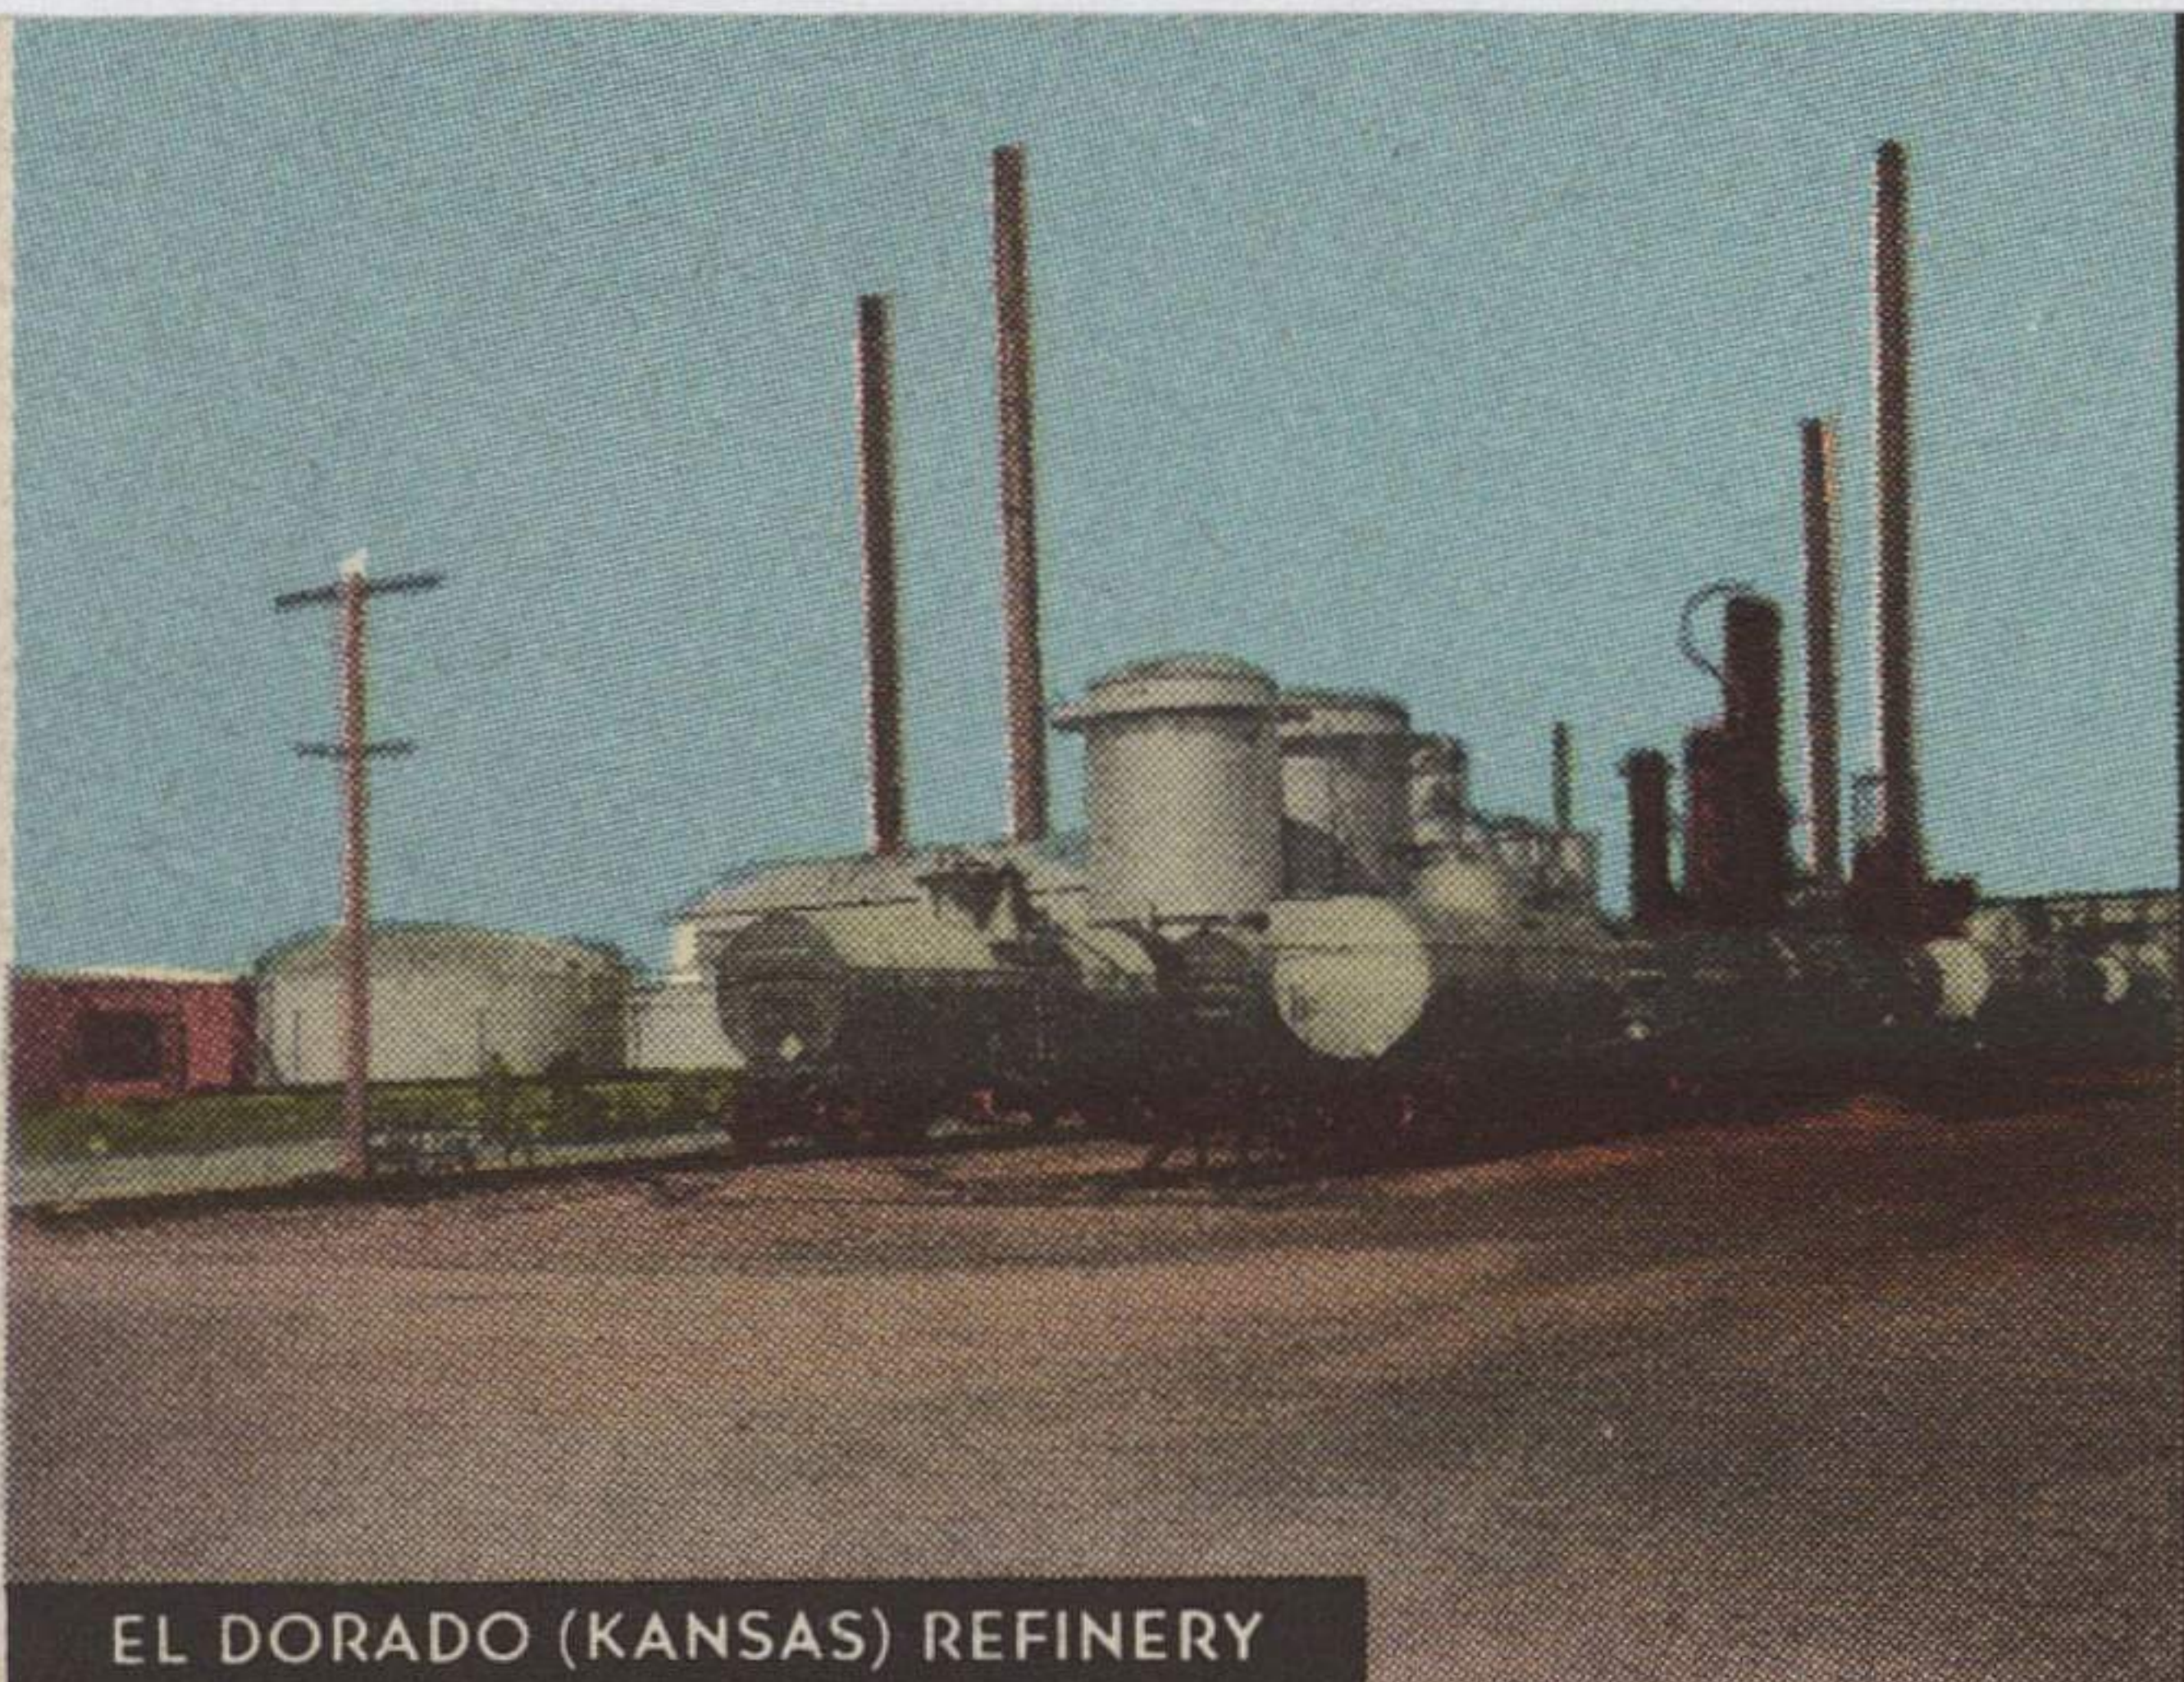

He and I have been comparing our schedules of work for the remainder of the summer and we find that this Saturday is about the only time we can both get away. In view of this fact, we will be in Lawrence this Saturday afternoon by about 1:30 unless I receive word to the contrary from you. In case you are not in your office I will call you at home or get in touch with Vic Hurt.

It has been difficult to reach Mr. McKay, but we will get up to see him before coming to Lawrence. I sincerely hope the heat isn't as intense in Lawrence as in El Dorado.

Sincerely,

Harold E. Long

Dear Henry:

Our school is over here on the 7th, and I had planned to drive down to Texas immediately after that. But the weather has turned so warm that I believe I will go down on the train. It will be either the 8th or 9th when I leave, and I expect to stop in Wichita enroute. I will let you know definitely as soon as I get my schedule arranged, and you can get in touch with Al Gebert or Coach Hennich.

I hope you had a pleasant vacation.

Dear Sir:

I am very sorry if you were inconvenienced by Calvin Miller's and my failure to arrive Saturday afternoon. We left here at 10:00 A.M. and had an accident near Emporia. Our car was pretty badly damaged so we returned home. Luckily, neither of us was hurt.

We have still been unable to contact Mr. M^cKay, but will keep trying. The boy is excited about K. U., but wants to know definitely that he is going so he can tell others who ask. I think

I can arrange a ride up for him Monday. He will come to your office to see you.

It looks now as if I will be unable to get to Lawrence before school begins so I would like to make this my application

to you for the intramural position in Elbel's office. I certainly need the work and can offer as recommendation Mr. Hurwitz of the Lawrence Sanitary Milk Co. I feel that the job requires too much time for an athlete to hold it so I won't be taking a job from one of them. I can type, operate a stencil machine, and have held stenographic positions here in town. If you care for references from here in town I'll be glad to supply them. I should like to know about the position as early as possible because I must have work of some sort to finish this year.

I certainly thank you for your consideration in this and the Miller matter. He will make a man that N. U. will be proud of.

Sincerely,
Harold E. Long.
