

May 15, 1940.

Mr. Wendell H. Link,
1217 State Street,
Emporia, Kansas.

Dear Wendell:

I am leaving today for Hill City to make a commencement address, and on Thursday I go to Seneca for another commencement address. From there I go to Lincoln, Nebraska, Friday and Saturday, for the Big Six track meet. I have been out of town much, and will be out next week on high school commencement dates. I am sorry that I have not answered your letters of April 28 and May 8 sooner. My correspondence has suffered severely, but I assure you that I will be very glad to help you.

Yes, I had a nice visit with your parents. The fact that you are applying for one of the cooperative house scholarships and the NYA job shows that you are industrious and that you mean business. I told your parents that if you did not get these other jobs I would give you a job here in the Physical Education department. You can count on help from me.

I am also glad that you are eligible for the LaVerne Noyes Scholarship and that you are applying for it. I believe you are going to be a very capable young man.

We have no jobs this summer that I know of. We usually find that there are boys here who have attended school during the year who have most of the small jobs. We have no arrangements for our athletes to work during the summer on the campus.

We want you to come to K. U., and I assure you that we will help you in the regular academic term. But there are no jobs obtainable in the summer. Would it not be possible for you to get a job in Emporia this summer, and then come here in the fall? If you have opportunity to come to Lawrence some time this summer for a conference I would be glad to talk with you.

Very cordially yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
