Dear Sir:

The time has passed quickly since I left school, and I intended writing you sooner. I have a job at an oil refinery and am working with the Miller boy. Mr. McKay, a local alumnus has asked Miller to conatct him and this should be done in the near future.

I have talked to Miller and he is very anxious to attend the University. He has an opportunity at Kansas State that is very good, but he isn't interested. He can also retain his refinery job and attend Jr. College. The boy really seems set on going to K. U. I plan to be in Lawrence a week from this Saturday afternoon, the sixth (6) of July. I thought I might bring the boy along because he wants very much to talk to you personally.

If you aren't going to be in Lawrence at that time I would certainly appreciate it if you would ask Miss Hultein to advise me of that fact at the above address.

I certainly enjoyed the Baseball course and thank you for the "B". I hope the summer program is running smoothly. Please give Dave Shirk my regards.

Sincerely,

Harold E. Long

P. S. At the latest report the Covert boy has definitely decided to stay in Jr. College.
