Dear Dr. Allen -

I haven't ever had an opportunity to answer your last letter but I'm sure you've been so busy with all your games + with exams too - you probably would have no time to read my note -

I went to Stillwater a couple of weeks ago for a State Recreational Institute + had a nice chat with Dr. Walke, their P.E. director - He was entirely too cocky about the coming game between R.U. + Ok. A. + M. + so naturally I put him right on the outcome - I know you will let me down. The boys have done so well
