Dear Mr. Linscott:

Dr. Allen has referred your letter of February 26th to this office in regard to tickets for the Kansas-Missouri basketball game Friday evening.

We have been out of reserved seat tickets since February 15th and the only thing we have at the present time is standing room on the main floor or general admission tickets in the second balcony.

I am sure you would not want to make the trip here to watch the game from either location, as you will not be able to see the game very well.

Your check is being returned, and we are indeed sorry that there is not something available that would give you a location from which you could enjoy the game.

Very sincerely yours,

E. L. Fäkenstien, Sec'y
