

A

October 4, 1939.

Dr. E. H. Lindley,
c/o American Express,
Peiping, China.

Dear Dr. Lindley:

Thank you so much for your thoughtfulness in sending me the tear sheet from the Japan Times & Mail containing an article about some of our basketball stars. This clipping arrived at my office on your birthday. I assure you it was a pleasure to hear from you.

I trust that you and Mrs. Lindley are having an enjoyable trip in spite of war conditions.

With best wishes to you both, I am

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FORMER KANSAS CAGE STARS ON THE ALL-AMERICA

Christian Science Monitor

LAWRENCE, Kan.—Two former University of Kansas basketball stars were selected on the all-America cage team named following the National A. A. U. tournament at Denver and another ex-Jayhawk made the second all-America team.

The first team all-Americans who received their college training under Dr. F. C. "Phog" Allen of Kansas were Ray Ebling, 6ft. 3in., forward, and Dick Wells, husky guard. On the second team was Fred Pralle, a high-class guard.

Ebling was an all-America college selection during all three years that he wore the crimson and blue of Kansas. Previously he had been a star at Lindsborg High School. At K. U. Ebling led the Big Six in scoring for three years.

Ebling tied the conference scoring record his sophomore year and then smashed it as a senior. His first year saw the accurate Jayhawk piling up points with an accurate left-hand shot. As a junior and senior, however, he brought into vogue the under hand "scoop" shot.

Following his graduation from the University in 1936, Ebling joined the Bartlesville (Okla.) Phillips "66" team and he has been a member of that quintet since. The Oilers finished second at Denver.

The National A.A.U. championship was won by the Denver Nuggets, a team of which Dick Wells was a member. Wells did not enjoy quite as sensational a college career as did Ebling and Pralle, but he has been a standout in A. A. U. ranks with his great rebound work and his exceptional defensive ability.

B

November 24, 1939.

Mr. Herbert Linden,
DeSoto, Kansas.

Dear Mr. Linden:

I feel that I should write you regarding Charles' progress here at the University. We are terribly disappointed in him, not only in an academic way, but in other ways which I will explain to you. I have had a conference with Charles, and I feel he understands the situation pretty well, but I also wanted you to know about it.

I first met Charles and Jack Connor last spring when I spoke at the DeSoto High School Commencement, just after they had returned from a visit to Baker University. I learned then that they were interested in coming to K. U. The coaches and teachers here were particularly interested in Jack because they thought he would go a long way and they wanted to see him here at the University. Charles wanted to come and have the same opportunities, if possible, that Jack would have.

During the summer Jack got work with John Parker, and we put Charles to work here on the campus. We gave Charles far more opportunity to work and save his money for school than we give most boys.

Then I personally went to Mrs. Al Green and made arrangements for the two boys to stay in her home to work in exchange for their room. Mrs. Green has always had very superior boys, and I cautioned Jack and Charles to be especially careful about their work because this is a very lovely home. Recently I have had a serious complaint from Mrs. Green. The boys have neglected their duties to the extent that Mrs. Green is positively dissatisfied with them.

When basketball practice started I gave Charles one of the choice jobs of handling the balls, hoping this would develop his qualities of leadership and service, and learning how to handle people. Charles failed so miserably in this job that I had to take him off and use another boy.

At mid-semester it is our practice to check up on the grades of all the boys who are out for basketball, and I find that Charles is failing in 5 hours of physiology, and is receiving a D in 2 hours of rhetoric. We have a regulation that all the boys who participate in any of the games must have an average of C in their class work. This, of course, makes it impossible for Charles to play in the Varsity-Freshman game tonight.

Miss Jewett, who is in my Sunday School class, has always boosted Charles to me in every way. She has always been very strong for him. However, I felt that I should say to her something about his habits, and one Sunday I said, "Knowing Charles is your cousin, I dislike to say this, but I am afraid Charles isn't measuring up. He is smoking a great deal, and in general is not following the train-rules set out for our athletes." I had seen Charles smoking and his freshman coach had also spoken to me about it.

Naturally I am very sorry about all of these things, because we had such high expectations for Charles. I felt that you should be advised of the whole matter, and perhaps in some way be of benefit to the boy.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:AH

November 24, 1939.

Miss Louise Jewett,
745 Ohio Street,
Lawrence, Kansas.

Dear Miss Jewett:

I am enclosing a carbon copy of the letter I have written to Charles' father. I just wanted you to know that we are standing back of you in this situation. I am sorry that I have not had an opportunity to talk to you.

With best wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

November 21, 1939.

Mrs. Lowe,
DeSoto High School,
DeSoto, Kansas.

Dear Mrs. Lowe:

I have been terribly disappointed in Charles Linden this fall, and just wanted you to know about it. I had him in the office for a conference yesterday and told him that he was not living up to our expectations. He has been given every chance in the world, and in fact we have given him more work than we ordinarily give to our athletes.

At mid-semester we check up on the boys who are out for basketball, and I find that Charles is failing in 5 hours of physiology, and is receiving a D in 2 hours of rhetoric. This will make him ineligible to play in our Varsity-Freshman basketball game this coming Friday night. We have a regulation that those who participate in the game must have an average of C in their class work.

Charles has not only disappointed us in his class work, but I have had a serious complaint from Mrs. Al Green, in whose home he and Jack Connor are living. They were to take care of the furnace, clean the basement, clean their own room, and do other small chores in exchange for their room rent. Mrs. Green tells me that the boys have neglected doing all these things, and she is very much dissatisfied with the arrangement. I have talked to the boys about this, so they are informed of the situation.

Charles has been smoking, and in general has not followed the training rules set out for an athlete. I do not know that there is anything you can do, but I did want you to know of our disappointment in Charles.

With best wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

January 23, 1940.

Mr. C. H. Linden,
DeSoto, Kansas.

Dear Mr. Linden:

It is still a bit early to tell how Charles and Gene are going to come out with their grades for the semester, and I would hesitate to advise you regarding their continuing in school next semester. At mid-semester the grades for both of the boys looked rather bad.

I believe that if a fellow fails in his school work there is always a question as to whether he should continue or not. Sometimes a boy makes a bad record in the first semester because he is going through a period of adjustment from high school to college, and he snaps out of it the second semester. But if Charles and Gene are consistently low in their grades I am just not sure how successful they would be in their college work.

I think it will be best to wait until their grades for the semester are determined before deciding what to do next semester.

I am sorry I did not get to see you when you called at my office recently, and trust that the next time you come I will have an opportunity to talk with you.

Very sincerely yours,

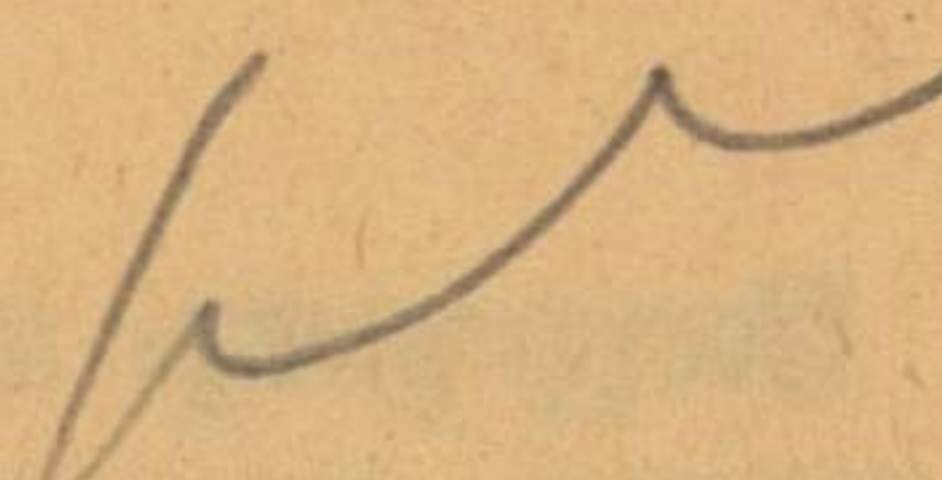

Director of Physical Education and Recreation,
Varsity Basketball Coach.

C. H. Linden

Mr. F. C. Allen,
Lawrence, Kansas.

Dear Mr. Allen:-

As the first semester of the school year draws to a close, I have been wondering if it would be too much trouble to ask your opinion as to the advisability of having my two boys, Gene and Charles continue in school.

I realize that you are very busy at the time of the year but I do not know any one else to whom I might go who would or could give me this information and be perfectly honest and fair.

I realize too that it is not every one who is fitted and able to take a college education but it has always been my hope that my children could do better than I did, therefore I am wondering if the two boys are of college caliber.

Also I would like to know just what the cost will be, or as nearly as you can tell, because I am going to have to secure financial backing for them if they are to continue.

Thus far they have each made his own way and other than the enrollment fee and books, I think they can continue to do so.

Thanking you for your interest and cooperation thus far and trusting that the request is not asking too much of you or your time, I am

Yours truly

Dear Doctor;

12/9 Ohio

1711 Martau Street
Falls City, Nebraska
August 22, 1939

Your letter reached me here only several days ago, so that is the reason I failed to answer sooner. I was very glad to hear from you. I know you are a busy person so I understand perfectly. You do not have to make any apologies to me for I feel very good just being able to hear from you, Sir.

I have some relatives here that I have been visiting. My uncle owns an beer and newstand, so I sort of help him on Saturdays when the farmers come to town. I know just about all the corn crops and how soon the 'last 40' will be plowed. I don't indulge in drinking so I really don't care for these Saturday nights, when it seems everyone must get a little frolic.

I was over to K.U. August 7 and saw your car at Robinson. This lad is interesting in a way. He doesn't know whether he wants to go into Mechanical engineering, Chemistry or Business. He will have to work also, so I don't know if he will enroll or not.

One boy here named Harry Hess plans to enter Creighton because his Father feels that K.U. teaches Communism. I cannot understand such an idea, but it seemed useless to argue the question. I feel that one should do his own thinking and be independent. If he is so weak as to get off to a wrong start, then he has proven his weakness early in life. It hurts to have people say such things though. I have never seen any thing out of the way in regard to such doctrines at K.U. and I believe in drawing one's own conclusion and not take some body's opinion. It's poor judgment.

I hope you were successful in your trip, but I know your reputation has alot to do with any organization. I hope we meet during this year, and I will see that we do if I have to bust

into your office sometime.

Doctor, I think I'll devote alot of my time to writing a book with the idea of an tribute to my father. I've talked to several people about the idea and I have been encouraged very much. At present I have been chudding on Dad's early family background. I know you have written that book on Basketball and any thing you care to tell me will surely be appreciated I can assure you. I found out I have an uncle in Los Angeles that I have never seen. He's suppose to be quite wealthy so I wrote to the Chief of Police in regard to finding him and I hope we can start corresponding as soon as possible. Last week I talked my self into two jobs, so I feel somewhat encouraged looking at the future. This Uncle might be able to give me some sort of a job in what ever business enterprises he owns. Then I have my book to fall back on. I am in hope I can finish it by this year. Then, last but not least, I will have my major in Design and a degree in that department, specializing in Commercial Art. So I am greatly refreshed, because before I was greatly worried over taking care of Mother and on what! Now I feel much better.

You know I have long been hoping some way I might win myself an K, and a sweater. I would be awfully proud of an K, and I'd wear it in the best places I went. I don't know how I could as I can't play any sport at all well, except possibly baseball, and it has been years since I played actual hard ball. I play it alot of soft ball and that wins the hard ball game, I think. This will be my last year at K.U. and it almost feels as though I'm leaving my parents. When they say our "Alma Mater" and come to that part about our "Father Mother", it is very true. I really like school there so much I hate to think of leaving K.U.

3- I hope it will be a great year for K.U. in Big Six competition. Three last year's N.U.-K.U. football games have had me come home and almost say 13-13 and 7-16, and K.U. should have won them both. I hope Mr. Henry unless N.U. let die this year. The boys basket will in spring practice I thought. Just between us - there will be no excuse for you to offer if you and the boys don't take the championship in basketball. You really came wasters last year. Naturally, I am for you and those fellows and I hate to see bad luck beat their chances. "Rope", Bob. Ralph, Klein, will all be on the team and I feel certain that they will add another title to that last list we have already. Any alumni can be well proud of those 26 basketball titles. - well proud. So, lets get one more because after this year it will probably be a long while until I can see the varsity go again.

Well, doctor, I'll close for now. I shall come over to Lawrence about the 17th and I'm awfully anxious to get there and see every one. K.U. is like another home to me. Now, lets get acquainted this year and very well too. You can write her to me at Atchison has suprntide Paralysis and I've been a bit leary of going home. She'll come 12 call there. I got the globe (the Atchison paper) and so I keep informed. So, if you find time to write, just address it to me here at 1711 Boston St. Dallas City, Nebraska. - and don't call me "Mr.", just George, do it as a favor to me, Sir.

Best of luck, and I hope this letter finds you in the best of health.
I am - Respectfully yours,
George Leather

MARY KAY

Sept 20, 1939.

Dear Dr. Allen,

As many times as I tried to
reach you & failed while I was in
Lawrence, was really a disappointment
However I still think you are in
line for congratulations & I shall
not fail to get mine in -

That is - I hope you are
as happy & pleased to have
Eleanor be a Kappa as the Kappas
are to have her - She's such a
lovely girl, Dr. Allen, & even
as an old alumnae I am
rejoicing to have her be a sister
Kappa - Thinking so much of
you - naturally gave me a great
interest in Eleanor & I am

surely surprised about it.

My trip back to Kansas was
so unexpected & rushed & I spent
so little time in Lawrence - that
I failed to do all the many things
I wanted to do. I wanted to see
you & all the others so badly but
then I realize you have many
things to do right at the beginning.
Please remember me to everyone,
especially Mrs. Hutten -

As far as my plans for the
coming year I expect to work for
my father some - & then Mr. Howan
was a great deal of substitute teaching
which he says I may help out
in - sure no doubt they'll keep me
busy - although I am disappointed

not to merit something on my own.

I saw D. J. for a minute
+ I guess the others were unable
to locate places. I am so sorry as
I know they all would have
succeeded.

I hope you + Mrs Hutton
will keep me well informed about
all your doings as I am so
anxious for news of you - I will
try + make it up in the fall +
my first visit will be to your
office - Don't forget me - +
please remember me to Mrs Allen +
Eleanor -

Sincerely,
Mary Kay.

University of Kansas.
Lawrence, Kansas.

Dear Mr. Elbel:

We are sorry to disappoint you about the six dozen white cotton shirts that you ordered but all of our stock of these has been sold. Special bargains of this kind sell fast and it isn't possible to replace our stock when the original supply has been sold. Unfortunately, we have nothing to offer at the same price but would like to fill your order with similar shirts from our regular line at the price of 35¢ each. May we supply some of that type garment? If you do not want the full quantity of six dozen we will gladly mail any number that you can use.

Very truly yours,

LOWE & CAMPBELL ATHLETIC GOODS CO.

Dr. F. C. Allen, Dir. Phy. Ed.,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

Today we filled and shipped the order which you placed with Mr. Mandeville recently.

Several changes have been made on the order for shirts inasmuch as we had to supply royal blue for navy blue and a bright gold for the scarlet color ordered. All sizes are fairly large and we believe you will find them satisfactory.

Our stock of these is always limited, the shirts being seconds to regular stock garments of this kind made in our factory here. There isn't any way to order the sizes or colors that we want -- we must take whatever happens to be a second shirt.

Very truly yours,

LOWE & CAMPBELL ATHLETIC GOODS CO.

Paul Fairhurst - Order Supervisor.

October 9, 1939.

Mr. John F. Lance,
Coach of Basketball,
Kansas State Teachers College,
Pittsburg, Kansas.

Dear John:

Upon my return to my desk this summer I enjoyed your letter of August 28, and notice that you had not yet purchased an electric scoreboard and timer.

This summer I was in St. Louis at the Medart Manufacturing Company, and they have an excellent timer and scoreboard which is much cheaper and more efficient than anything I have seen. I am writing them concerning the prospect, and doubtless you will hear from Mr. Weinzettel, the sales promotion manager, giving you the price and other details regarding this equipment.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA: AH

KANSAS STATE TEACHERS COLLEGE

W. A. BRANDENBURG, A. M., LL.D., PRESIDENT

PITTSBURG, KANSAS

August 28, 1939.

Mr. Forrest C. Allen,
Coach of basket ball,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

I have had a group of Boy Scouts out in the Mountains for three weeks and have just returned to Pittsburg and find your letter of the 14th. Thanks for the information on the combination electric score board and timer. We have not placed our order as yet as there has been no need to rush and there may be new ideas incorporated in boards that come out this fall

Please think nothing of your delay in making reply to my letter. I expect that all of us have been guilty some time or another of misplacing an unanswered letter.

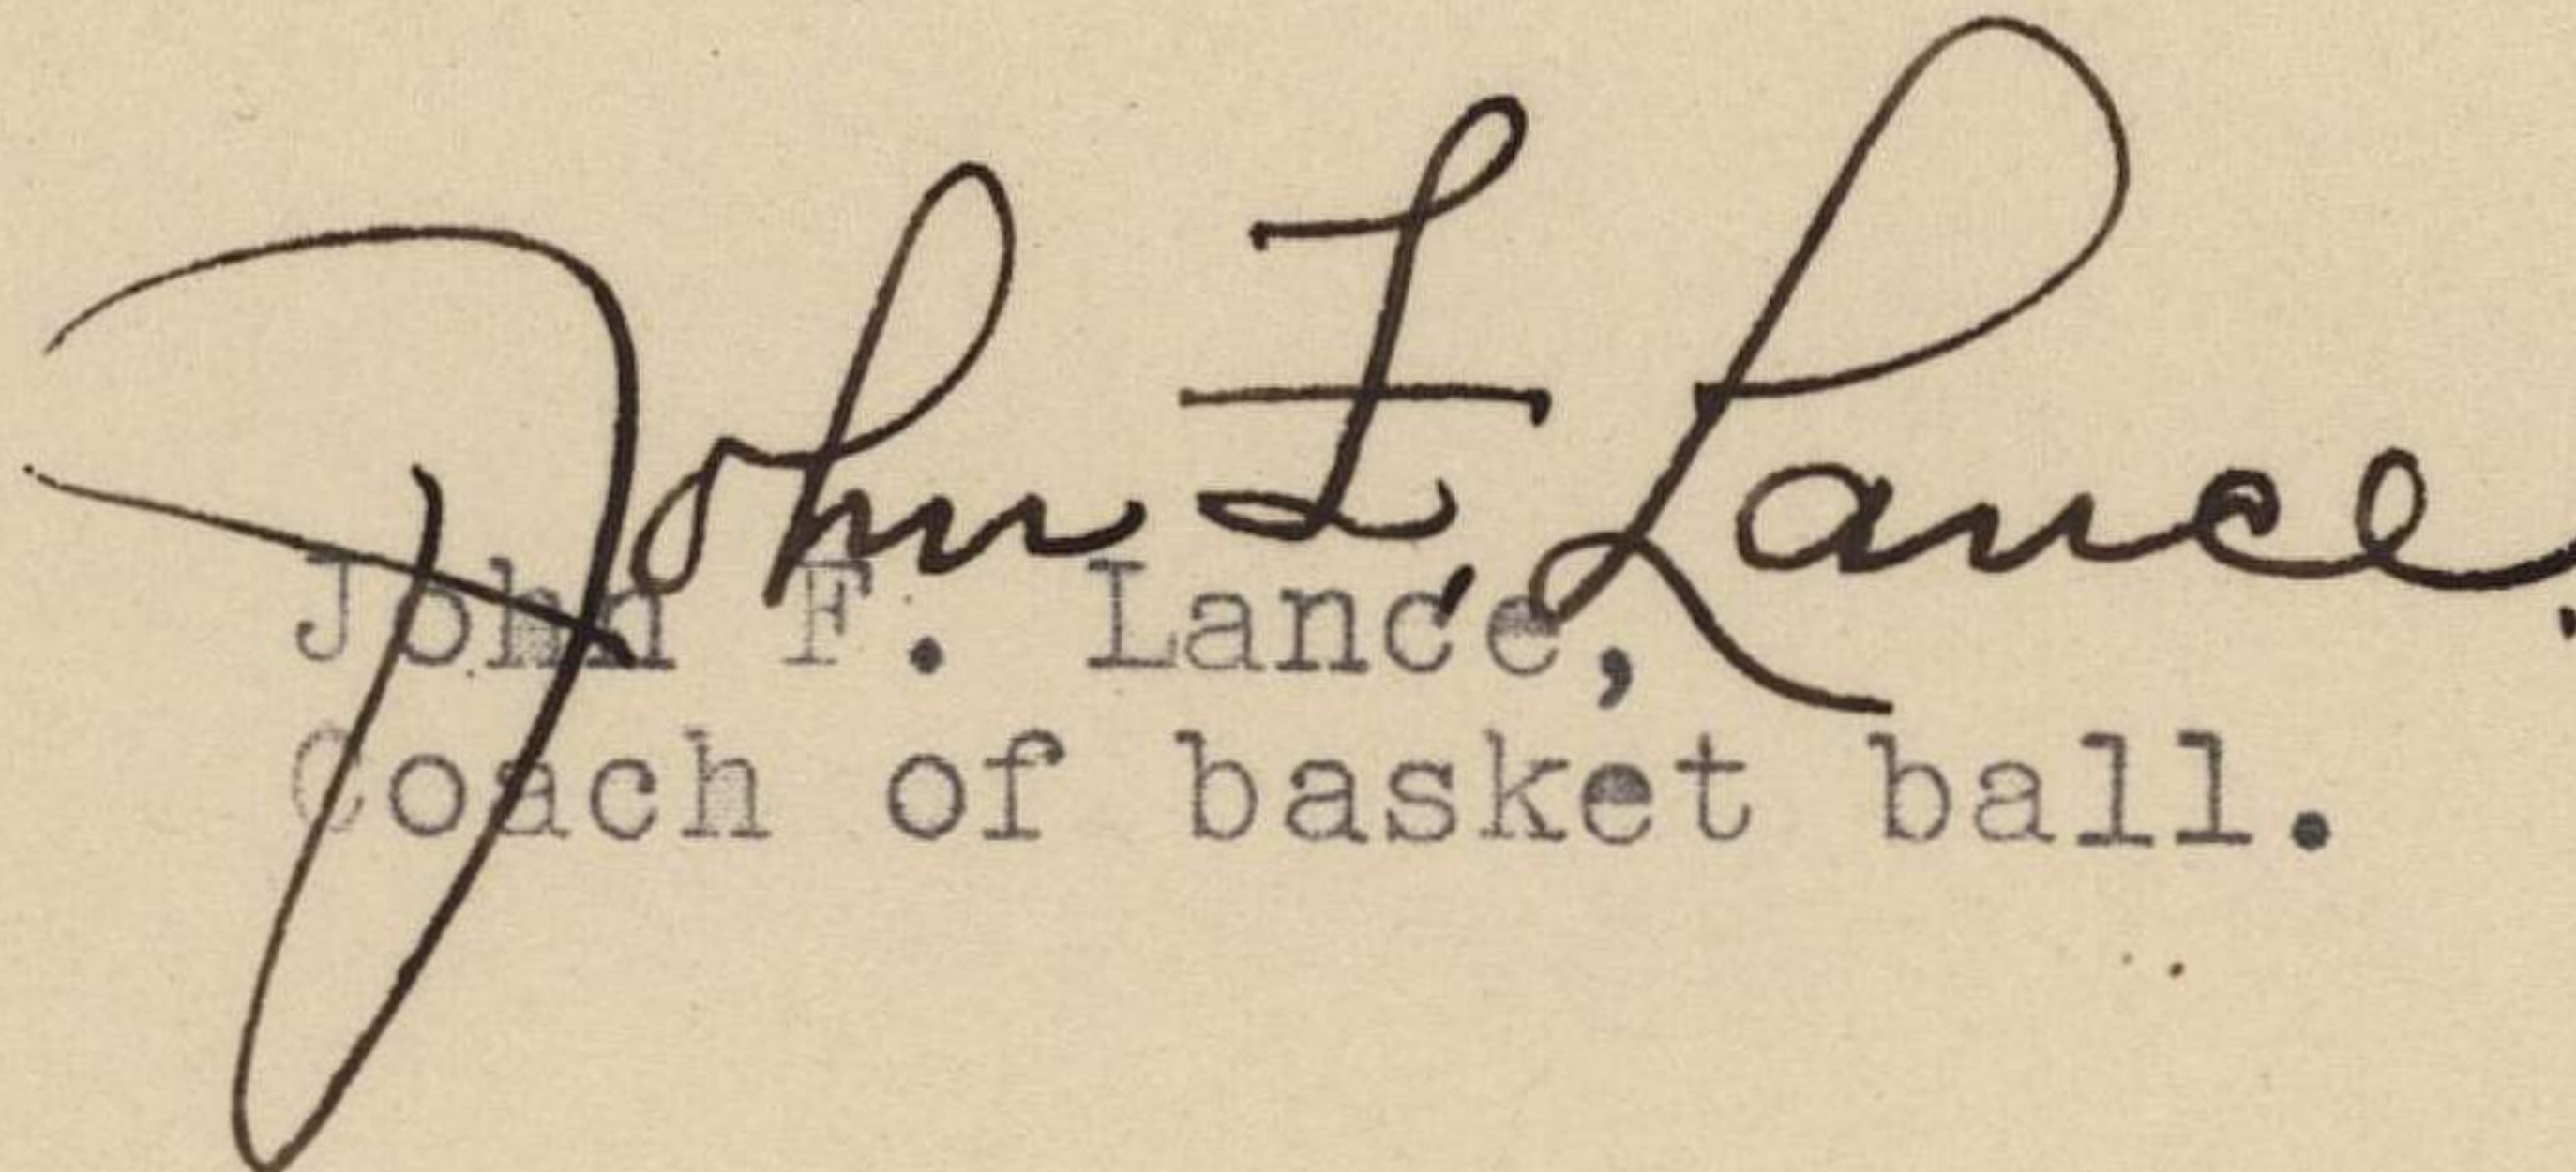

In regard to my calling violations made in some of your games when a player, I believe that you mentioned Golay, entered the free throw lane before the ball had touched either the goal or the backboard, I will say that I have been forced to call this several times in Big Six Conference games as there is quite a tendency to step into the lane as the ball leaves the thrower's hands. I have failed to call it many times when the violation occurred but any time I did call it, I assure you that the offending player had his foot parked in the lane long before the ball touched the basket or backstop. I believe that I understand this rule very well but want to thank you for your interpretation just the same.

While on the topic of rules, I might say that your boy Howard Engleman seemed to not understand the rule regulating what can be done with the feet by the player with the ball. In your Kansas State game at Lawrence, I called him for traveling twice and during a time out period, he asked me why I had called him. One time he changed his pivot foot, after having pivoted on one foot he then pivoted on the other. The other time he came to a stop in a two count rhythm with one foot in advance of the other and pivoted on the forward foot. Howard is a swell kid and I know him well enough that he felt free to ask me which I was glad that he did.

I have appreciated the opportunity to have worked in a few of your ball games in recent years and have hoped to be favored with other assignments. Lawrence is my nearest point in the Big Six Conference and I am best known by Kansas people. I feel well qualified after twenty five years of study, coaching and officiating to properly call any game. I have an inborn sense of fairness and I have the courage to call what happens as I see it happen. I am human and will make mistakes and appreciate knowing of my mistakes so I will not repeat them.

Thanking you again for your good letter and all past favors. I am

Very sincerely yours,

John F. Lance,
Coach of basket ball.

Dr. V. W. Lapp, General Manager,
Richmond Barber Blade Company,
Richmond, Michigan.

Dear Dr. Lapp:

It was a pleasure to hear from you, and I truly hope your "flyer into the business world" will prove to be most successful. Dr. Elbel and Mr. Allphin want to know if you have any free samples to pass around? They were also interested in knowing your address.

Yes, I shall be glad to write to the people at Wichita telling them that you will not be able to appear on the program. I have spoken to both Dr. Allen and Dr. Elbel, but neither are much inclined to go. I think the meeting will probably be on the same date as our Kansas State game (here) and also the National Cornhusking Contest which is to be held in Lawrence.

Our enrollment is very good this fall. We have a total of 112 majors in the department, and the entire University enrollment exceeds our previous high marks. Everyone is keeping exceptionally busy. In a day or so I will send you another Sasnak News Letter which will keep you more or less up-to-date on the doings of the department.

Give my best wishes to Mrs. Lapp and Chucky. I hope they are both well. I had Bobby's tonsils removed in August, and now we are beginning to notice a big improvement in him. He is growing like a weed, and eating like a little pig!

Sincerely yours,

P.S. Dr. Elbel just got word that Jay Plumley's wife was so severely burned either yesterday or Sunday by an exploding hot water tank that there is very little hope for her life.

Dr. Forrest C. Allen
Director of Phys. Ed. & Recreation
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

We do not have any of the B56S "second" shoes in stock and have no assurance that any of these will be delivered later, however, from past experience we would guess that we will have some a little later. Inasmuch as it isn't possible to promise you definitely that your order can be filled perhaps the safest thing for us to say is that it would be best for you to cancel the order.

We have the white All-Star shoes in the sizes you want but perhaps all of these should be the same color. If the color doesn't matter we can fill your order now.

OK

Very truly yours,

LOWE & CAMPBELL ATHLETIC GOODS CO.
