

January 13, 1938.

Coach Ad Lindsay,
University of Kansas.

Dear Ad:

I just received a protest from Mr. Bayles against the baseball team practicing in the gymnasium last year, in which they threw the ball around and damaged some of the gymnasium property.

I told him that we were not expecting to use the gymnasium for baseball practice, and thought that I had better write you so there will be no misunderstanding. I am sure the work-outs can be handled much more satisfactorily at the stadium than here in the gymnasium.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
