

West Virginia University

COLLEGE OF EDUCATION  
MORGANTOWN

November 8 1941.

Dr. Forrest C. Allen  
Director of Physical Education  
University of Kansas  
Lawrence

Dear Phog:

We regret that you were not making the trip with the team, altho, as far as the weather is concerned, you did not miss anything. It has been a bitterly damp day, with the thermometer around 40, and one of our nasty west winds, and the field was very soft, even swimming in spots. It was easy to see that the K U players were much handicapped by this last condition. They put up a good game against a West Virginia team that seemed to come to life today as it has not this whole season.

I can appreciate how much it means to you to be director of physical education and basketball coach instead of director of athletics, which at best, even with a winning team in most sports, including football, is a thankless task. However, I always thought that you were the kind of straight-shooting man that job needs; but it is hardly fair to wish that job on your kind of man either.

Maybe when you drive east to get your Eleanor and Bob, Mrs. Allen and yourself will give us the pleasure of stopping by. We're almost on US 40, just 25 miles south of Uniontown, Pa. We'll be hoping in that direction.

Please remember me to the men of Rotary who were members back in 1931-33. I will be grateful to be remembered to Mrs. Allen, and Mrs. Lindley, when you see her. With every best wish, I am

Sincerely,

*Bob Baldwin*
