Dear Swede:

Mighty happy to have your good letter of the 6th instant. That certainly would have been a wild outfit at the banquet had it been postponed one day.

I am glad to get the angle you present regarding Charlie Ise. The true fact of this situation at Coffeyville is, Swede, that Coffeyville boys have come up every time, but they have never remained here due to their ineligibility.

Some time when I have an opportunity to talk with you I will explain the situation down there. Missouri has made invasions into Kansas at the height of their proselyting period. I believe they have cooled off a bit now, and it was perfectly natural for them to go to Coffeyville. As I said, I will explain it to you when I talk with you.

We will be happy to see you Thanksgiving.

With every good wish, I am

Sincerely yours,

My dear Phog:

Last evening we attended the K.U. banquet at Parsons and had a nice crowd, had we had that this evening we would have gone wild, knowing the score. I believe a tie is almost a win, with Nebraska. Anyway we cured them of putting their second team in.

While at the Bankers meeting at Coffeyville Tuesday I had a visit with Chas. Ice. He is and has been at the head of the Board of Education there for years. He told me the two boys playing half back on the Missouri Team were Coffeyville boys. I rather took it that they felt offended because one of their boys went up some years ago and they didn't use him, so others got discouraged. Lets cultivate Chas. Ice and fellows like that and see if we can't keep these Kansas boys in Kansas. I notice Caldwell didn't last long in the game today

Fraternally yours,

Mr. Ralph Lupfer,  
Larned, Kansas.

Dear Mr. Lupfer:

Thank you for your very good letter of the 13th of January. This letter has remained unanswered because I have been swamped with a mass of detail.

I am glad that you understand the situation, and I want to assure you that I would have no motive in taking advantage of any student.

A group of four champion table tennis players will come from Kansas City tonight to play between halves at the game with Nebraska. As I mentioned to you, they are paying their own automobile expenses for the purpose of having some recreation and spreading the gospel of table tennis. They are not subsidized by any firm or athletic interest. They are just boosters for their game.

I talked to Mr. Earl Falkenstien in the Athletic Office, and it was he who talked to George and his mother. They reported to Mr. Falkenstien that it would be necessary that George have a room suitable for juggling practice, and Mr. Falkenstien assured them that there were a number of rooms, and in his opinion they would have no difficulty in obtaining consent to the use of a room for such practice.

However, you can understand that Mr. Falkenstien would have no authority to say for certainty that George could have a certain room in which to practice. While we desire to give every student in the University every facility that is within our power, there are some things of course that cannot be promised to individual students.

As I explained to you, I went far beyond our usual procedure in showing a courtesy to George. I do not know whom you could correspond with that would assure you of accommodations such as you desire. I imagine they would assure you they would do everything consistent, but it would be rather difficult to make assurances of this kind to students for activities that are not in line with their school work.

It was Mr. Falkenstien who talked to Mrs. Lupfer and George about the various entertainment used at basketball games. I talked to Mr. Falkenstien about his reply that something was paid, and his version does not agree with that quoted in your letter. Mr. Falkenstien is the financial secretary of the Athletic Association and it is his duty to write checks. He has never written a check for any performance of this nature. So there must have been a misunderstanding.

All I had in mind for George was a build-up for him, and if he had not liked it he should not have participated. We have given George a service that most other students in the University are not getting, and it is my definite feeling that when he did put on his splendid performance he did not more than pay for the courtesies that have been granted to him the whole year.

I can appreciate that people do ask professional entertainers to give their wares free, but this was not such a proposition with George and the Physical Education Department. I thought there was reciprocity, and I thought George was satisfied, as we were, but I did not want anyone to perform unless there was a happy acquiescence to reciprocate for favors already granted.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dr. Forrest C. Allen,  
University of Kansas,  
Lawrence, Kansas.

Dear Doctor:

I want to thank you for your letter of the tenth and I want to write a most friendly answer.

That I wrote to Mr. Foster was largely due to what was apparently a misstatement by someone connected with the gymnasium during your absence last summer. From the information imparted last summer, when I wrote Mr. Foster I assumed that you were taking advantage of George. To have someone try to take advantage of me arouses me considerably and to have someone try to take advantage of some member of my family arouses me in the same way.

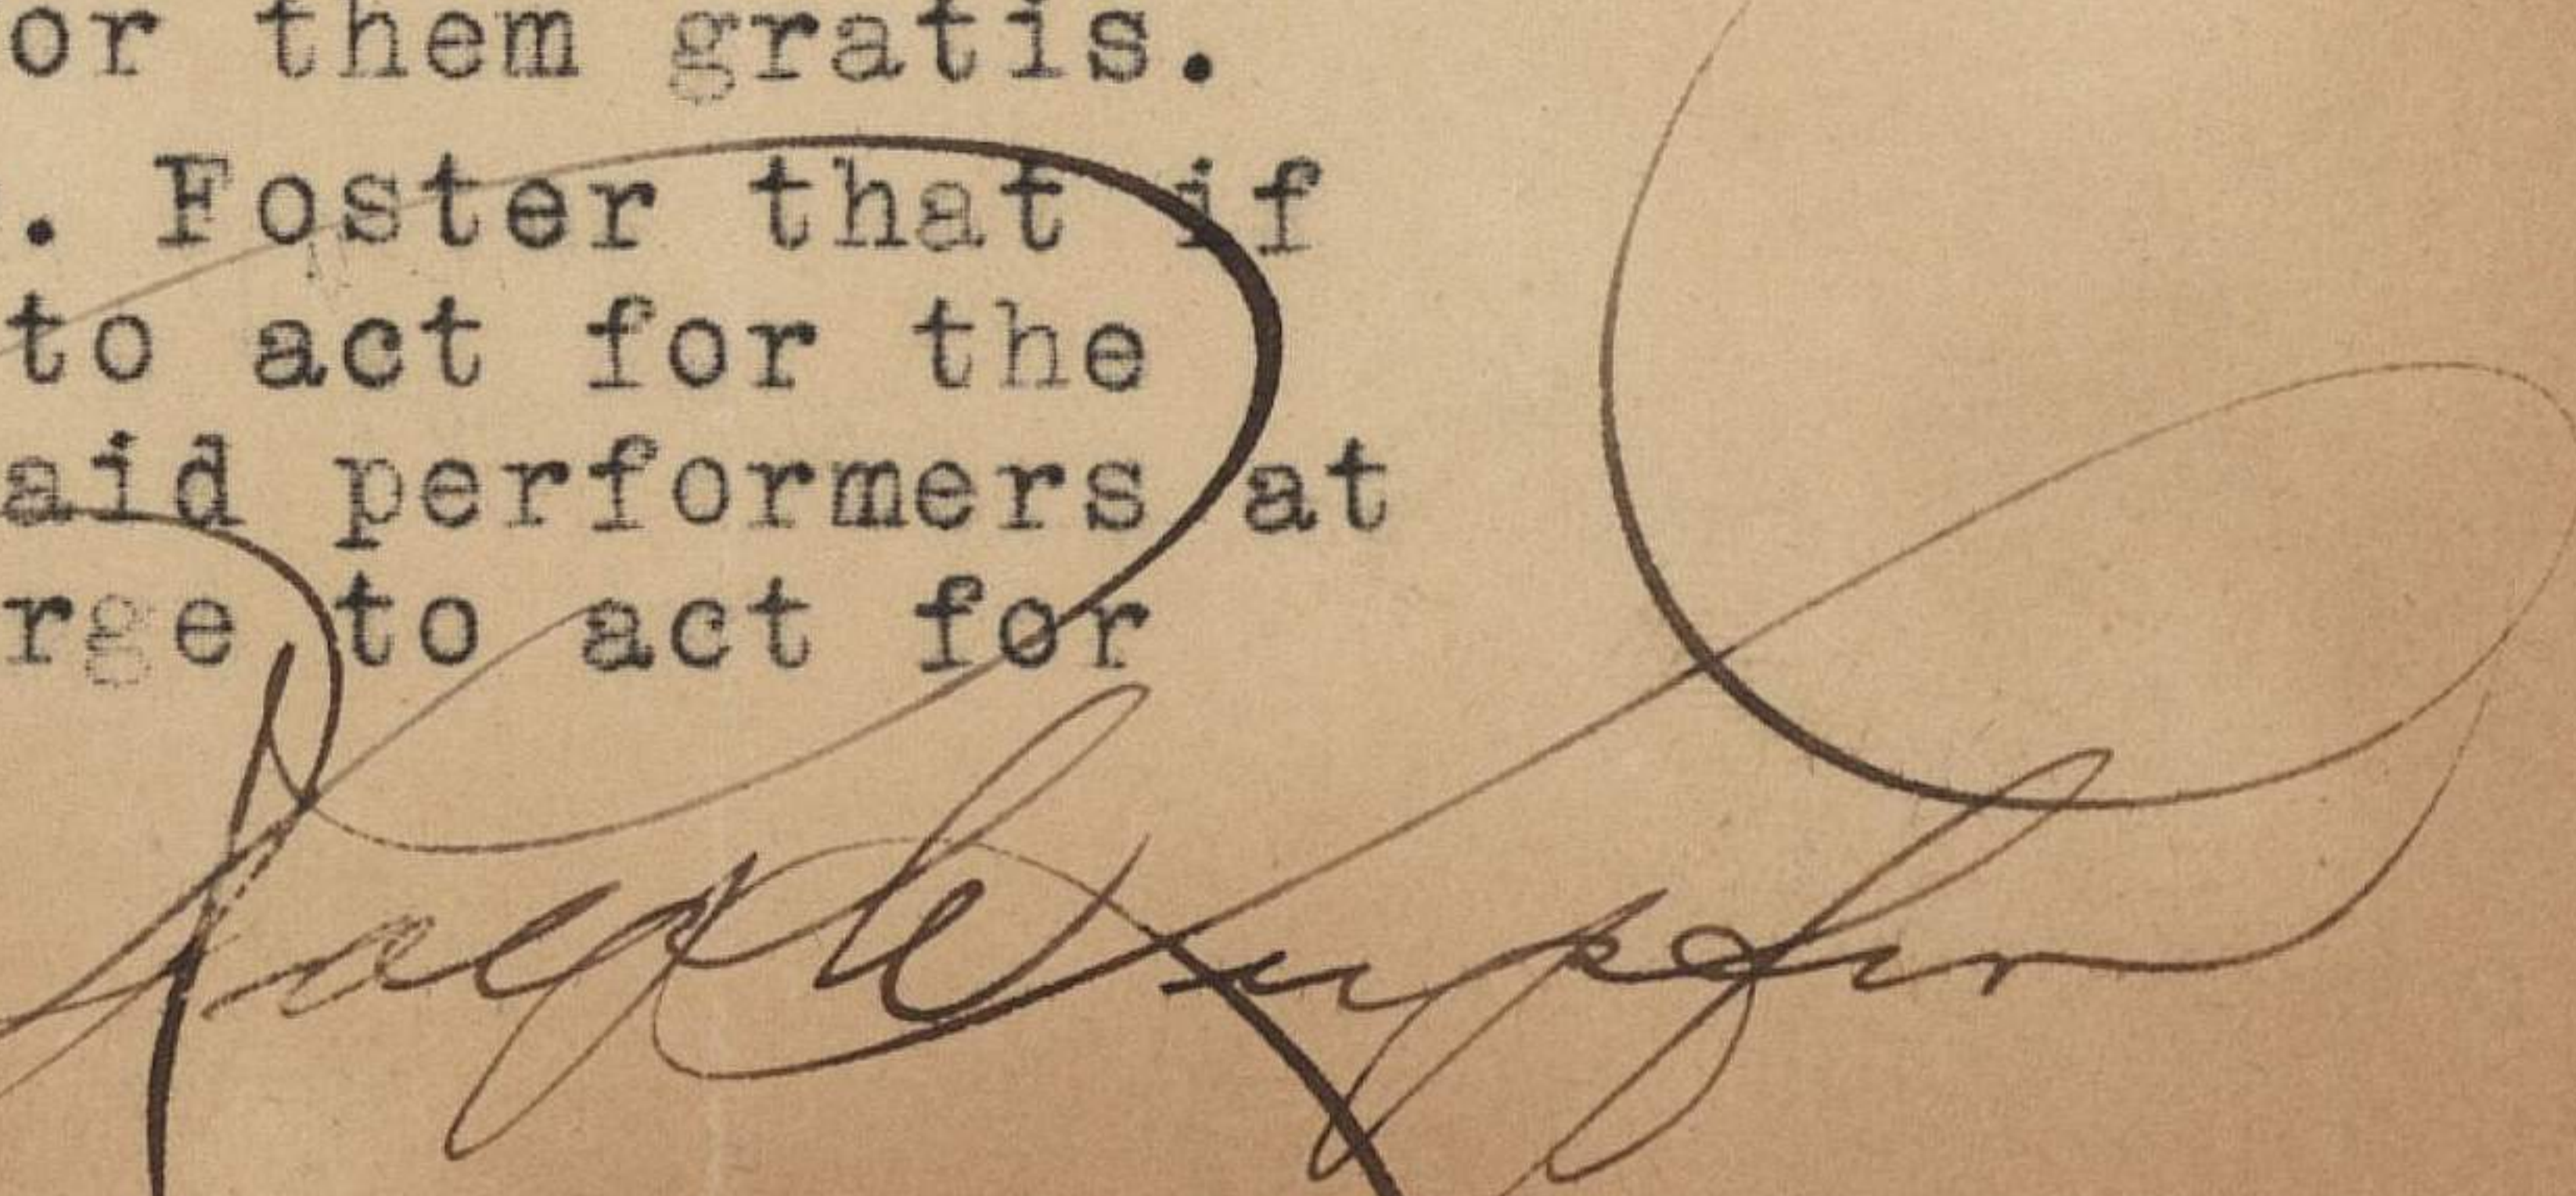

George's entering the University last fall, depended on whether he could have a room that would be suitable for juggling practice, a room that would be more or less private, for privacy is most essential for concentrated practice and a place to keep his equipment. Other colleges had promised such accommodations. We corresponded with the University last summer and were assured of such accommodations. George and his mother drove to Lawrence a short time before the opening date of the fall term for the purpose of checking up on the accommodations offered in the gymnasium and to secure a room where George would stay. Someone at the gymnasium told Mrs. Lupfer and George that various entertainment was used at the basketball games between halves and that he thought George's juggling would be splendid entertainment for one of the games. Mrs. Lupfer asked if the entertainers were paid.

He replied, "Yes they are paid something. If it is amateur the pay is only a few dollars, but if the performance is by professionals the pay is greater."

Since your letter establishes the above as a misstatement of fact and since you gave George the publicity and build-up you write about, let me say that I am glad George had the opportunity to perform between halves at the game. We will look back to it as an advertising venture rather than as a gratis exhibition. Most professional entertainers are glad to, occasionally, display their acts or talents to a crowd of potential buyers, when the entertainment is recognized as such, but they shy away from the invitations to perform for this, or that or that or that organization, gratis, with the best grace possible. The professional that starts giving free performances soon finds himself in deep trouble with no demand for his services at pay and a dwindling demand for them gratis.

You may dismiss my suggestion to Mr. Foster that if possible, George be given another chance to act for the University at pay. Since there are no paid performers at a University event, I would not want George to act for pay that some individual had to provide.

Sincerely,

Please

Mr. Ralph Lupfer,  
Larned, Kansas.

Dear Mr. Lupfer:

Mr. George O. Foster, the registrar at the University of Kansas, spoke to me about the possibility of having your son, George, give a demonstration of his juggling again this winter with some compensation. Mr. Foster stated that you thought George would feel a lot better about it.

I felt that I should write you and give you a resume of my experiences with your son, George, so that you can see that I did not take advantage of George, and further, that we rendered to him some exceptional service that is not given to any other student at the University.

We have a locker room here in the gymnasium in which we check out equipment to the students - such as gym uniforms and so forth. The student pays a fee for this service. The gym equipment is kept in this room, but we do not keep any other equipment of students except that which the boys wear for exercise.

Your son came to me early in September and asked if he might have a place to practice his juggling act, and further that he had some equipment and it was very heavy and cumbersome and that it would be a great burden to him to have to take it from his room to the gymnasium every day. He stated that he was desirous of perfecting himself in practice during the winter months so that he would be in shape to work at various county fairs.

Always desiring to be as courteous and helpful as we can to any of the freshmen, I said, "Yes, George, I will be glad to not only give you a room in which to practice your skills, but you may check your juggling equipment in this room." I went to Mr. Jay Plumley, who is one of our coaches and teachers in the Physical Education Department and who incidentally supervises the men working in the towel room, and we went to quite a good deal of trouble to see that each man working in the towel and equipment room, about 14 or 15 in all, was instructed especially that this was George Lupfer's equipment and it was valuable, and that they should check this in and out to him without charge.

I am very sure that George knows of these things, and I am sending him a carbon copy of this letter so that if he has not told you the whole story I think he should.

I told George that we have an intermission of 12 minutes between halves at our basketball games, and if he would like to get before the student body we would be glad to have him put on his juggling act at one of these games. I told him I thought it would help him immensely with the students, because when he would desire to line up with the county fairs if he would contact them from the different counties they would be glad to tell those people of his prowess. We have a county organization of students and all that would be necessary for George to do would be to contact some of these University students and have them write to the leaders in these counties who hire talent for the county fair organizations. They could recommend him and tell them how good he is and that would be money in his pocket.

Now you will understand, Mr. Lupfer, that no talent is ever paid for these short attractions between halves of the basketball games. Last Friday night we had Junior Coen, a former Davis Cup player and former captain of the University of Kansas tennis team and a graduate of the University, play tennis with Al Burgess, of Kansas City, a professional there. These gentlemen drove down from Kansas City, put on their act, paid their own expenses, and did not get any remuneration for doing this.

For every game beginning in 1922 we have had entertainment between halves. At one of our first games this season the Methodist minister, Rev. Robert A. Hunt, led the entire student body in community singing. At another game we had experts put on an exhibition of desk tennis, badminton and darts; at another time we had special band music, and at a game in the future we plan to have some experts give a demonstration of the Big Apple. For our Nebraska game on February 2nd Miss Ruth Forsythe, a table tennis expert from Kansas City, Mo., and another woman, with two expert men players will come down and play between halves. No honorarium or expense money is paid to them.

I only mention these facts to show you that it is a good-will act, and not one person has ever been paid even expense money for doing this. Most people look at the University and the service it renders as a good-will service. They do not look at it as an institution making money out of anyone, but rather as serving the state and the students.

We have requests many, many times from some of the big corporations who state that they will send their personnel down here and do special stunts and acts if we will allow them to perform. We have always kept the advertising angle out of it, unless they were students, and then we have always given them a big build-up. I asked our publicity man to give George a big build-up in our University paper and our local city paper. Professor Elbel, on the loudspeaker at the game, at my request, stated that George had demonstrated at the Chase County Fair and other county fairs this past summer and that he made his way through school from money he earned during the summer.

I really felt that I was doing everything I could to show George that it was a reciprocal program in which he would definitely benefit from it and from which he would make many friends and acquaintances here at the University by his act, and that the students would give him a great ovation. I left the team dressing room long enough to watch a major portion of his act and I was delighted at the training and skill he showed.

I am very sorry, Mr. Lupfer, that you feel as you do, and I am sorry that George did not tell me when I asked him to do the act that he would expect compensation for it. Had he told me this I would, of course, have planned some other act, because we have no funds available for such entertainment. Would you kindly write me and tell me what amount you feel should be due George for such an act under the circumstances?

Before George demonstrated his act he told me that his equipment was heavy and that he would like to have some one move it from his home at 1420 Ohio Street to the gymnasium. I personally drove down in my car to his house and brought the grip with him up to the gymnasium and put it in special care. I had a student take charge of it and ~~move~~ it over to the auditorium before the game and then after the game had the student move it back to the gymnasium. Then Friday when George called at the office I took him and his equipment back to his room. I wanted to do everything that I could to show him personally that I appreciated his services.

Last Friday night when the varsity played the University of Oklahoma the members of the ever-victorious 1936 basketball team came from different parts of the country to play a game after our regular varsity game. Ray Ebling came from Bartlesville, Oklahoma, Francis Kappelman, Wilmer Shaffer and Milton Allen came in from Russell, Kansas, and Ray Noble came from Kansas City. All of these boys paid their transportation and their expenses while here to play in the game and they did not ask for money because there was no money to pay their expenses. This might seem a little unreasonable, but the boys wanted to do it. It was just another way of showing their appreciation to the University for things perhaps they derived from the University while they were students, and of course it was fun.

None of these acts were compulsory - they were entirely optional and had they asked for money of course the game could not have been played because there is no fund to pay their expenses.

I will be glad to hear from you.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dear G. O.:

I am enclosing Ralph Lupfer's letter, and I trust you will see by our experiences in such situations heretofore that the boy should have either told us he expected something or he should have turned us down.

My opinion is that we have very definitely done more for the boy in rendering him the service of the checking room and his practice room than he lost in giving the students eight minutes of entertainment.

Dear Mr. Lail:

I regret very much that it will be impossible for me to speak at your football banquet any evening next week. You can see by our basketball schedule that we have a heavy assignment in the future.

We are making a very unusual game out of our varsity-freshman game which will be played in Lawrence on Friday, December 3. E. C. Quigley and his son will officiate the game; we are using Bask-O-Lite goals, and putting on a lot of preparation for this game.

On Thursday evening our Physical Education majors meet for their monthly banquet. We have nearly 100 in our majors group, so you see I could not afford to miss that.

Since our basketball squad does not return until Monday after Thanksgiving, the other days in the week must necessarily be taken up in preparing our boys, so I am afraid I cannot come.

I want to thank you for your kind offer, and I assure you that I appreciate it.

Dear Lis:

Answering your favor of the 7th instant, beg to state that we are making arrangements to take care of your 55-piece band. We will locate you in the same position that you had last year.

Our game is called for 7:30.

I have checked with Mr. Falkenstein and the price is 40¢ for tickets Monday night. When tickets are sold under this plan there is, of course, no reduction, but if you would want to handle tickets at Baker, Mr. Falkenstein would make the price 25¢. This arrangement we had with Ottawa.

However, Ottawa did not come in for a split of the gate and if you feel that you should want to gamble on the percentage basis, I would suggest that you follow your own dictates. Should you desire to sell tickets at 25¢ I suggest you call Mr. Falkenstein, and he will send you some for sale down there.

We are planning on playing the one game, as you suggest.

Dr. F. C. Allen

My dear "Phog":

You will recall the telephone conversation from Kansas City relative to the scheduling of the "B" game. At that time I thought it very questionable that we would be able to offer any kind of opposition with the "B" team, and after a couple of weeks practice, I find that it would still be impossible for us to give any kind of opposition as a "B" team.

We will do the best we can for the Varsity, and we are going to steam it up. We plan to bring up a fifty or fifty-five piece band, and will probably swell the crowd a couple of hundred or so. Unless it is advisable to sell tickets here, it would be less complicating if all of them are handled there. We should like to know the price of admission, however, so that we may give it some publicity.

You may give me the blame for calling off the "B" game if that is necessary. The only excuse I have to offer is that there just isn't any "B" team at the present time.

Dear Sir:

It is my understanding that you will be principal speaker at our athletic banquet in our High school gym Tuesday, April 26, here at Harper. If at any time we can be of service to you on your stay in connection with our school, and school board of which I am a member, please be free to ask for it.

I realize your political set-up so far as professions is concerned in your work, but I do not feel that that will bother you in this community. So if I can aid you in any way, please feel open at any request.

Sincerely,

Dear "Phog":

Will you please send to us, so that we can have it on Wednesday, a mat which we can use for a newspaper cut in this weeks issue. I wish also you would send us some other information that we can use in our newspaper stories concerning your service at K. U. and coaching record.

We are looking forward to your visit here on April 26.

Very cordially,

Mr. Eric T. Tebow,  
Superintendent of Schools,  
Harper, Kansas.

Dear Eric:

I was sorry that I missed you when you were in town. I had gone to Minneapolis for the Physical Education meeting, and to Chicago for the Coaches' meeting and the Rules meeting.

I expect to be in Atlanta, Georgia, at the National Physical Education Association meeting from April 20 to 23. On Tuesday, the 26th, I have classes here at the University at 10:30 and 11:30, so I do not see how I can drive from Lawrence to Harper in time to make the 3 o'clock appointment. If it is possible to arrange it otherwise I will let you know, but for the present I am afraid I cannot make the connection as I will miss some of my class work the week that I am in Atlanta. And having missed some appointments here on account of my previous out of town engagements I think I had better stay on the job.

However, as I stated, I will do the best I can under the conditions. But I will certainly arrive in time for the evening meeting.

With kindest personal regards, I am

Very cordially yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dear Dr. Allen:

I was in Lawrence last Friday  
but learned that you were out of  
town.

We shall plan on you for our  
athletic banquet for all sports,  
including students and towns people  
on April 26 at 6:30 P. M. If it  
should be convenient for you to  
reach Harper in time to talk to our  
high school students at 3:00 P. M.  
we shall appreciate it.

Most sincerely,

Eric T. Tebow

Mr. Eric T. Tebow,  
Superintendent of Schools,  
Harper, Kansas.

Dear Eric:

Thank you for your kind letter of March 23.

I am to be at Atlanta, Georgia, on April 20 to 23 at the National Physical Education Association convention, and I will have to hurry to get back by the 25th, so it looks as if the only date that I can reasonably take without flying will be to accept your date of April 26.

I will be there on that date if agreeable to you. Please let me hear from you.

With every good wish, I am

Sincerely yours,

Director of Physical Education,

Dear Dr. Allen:

I am glad to have your answer of March 17, with your schedule of arranged dates.

We want you to come to Harper and have made the following selection of dates subject to your approval:

First choice, April 18  
Second choice, April 25  
Third choice, April 26

*Easter vac.*  
*mon*  
*Tues.*

Will you please let us know which of these dates you prefer and plan to come on that date.

*20-25*

We interpret from your letter that the expense to us will be 6¢ per mile which is approximately 520 miles round trip plus a meal each way and possibly one night's hotel bill.

We shall withhold announcement of our plans until we hear from you.

Most cordially,

*Eric Tebow*

Mr. Eric T. Tebow,  
Superintendent of Schools,  
Harper, Kansas.

Dear Eric:

I have just returned from Corning, Iowa, and I find your letter of March 15 on my desk. I am sending you my schedule up to May 21.

The state does not provide expense for travel. I have been getting 6¢ a mile for my car. With my teaching work here at the University I find train schedules either take too much time or do not get me to the desired destinations on time. Of course, a fellow is out for meals and expense of travel, and I presume you will take care of that.

You pick the date that you desire me there and I will endeavor to make connections. Please make it tentative until I can confirm it, and I will do the best I can to be with you.

With every good wish, and assuring you I appreciate your words of congratulation, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dear Dr. Allen:

We want to have an athletic banquet and would like to know what your charge would be to come to Harper on any of the following dates: April 18, 20, May 3, 4, 5, 9, 11, 12. The earlier the date the better.

We are interested in having you. Congratulations on your championship of the Big Six again this year.

Most cordially,
