

synovitis (inflammation of the joint) and a ruptured fascia of the long head of the biceps which permitted an edema (accumulation of serum in the cellular tissues) around the outer side of the knee joint.

Mr. Locking was suffering from a sacro-iliac sprain on the right side of the back which retarded the healing processes to the knee. A part of his trouble came from the ^{previous} injury and not all of it from the last fall on the knee joint.

I adjusted the sacro-iliac, used diathermy daily, taped it with adhesive to encourage action and exercise with a view to reducing the excessive swelling and then had my trainer thoroughly massage and manipulate it twice daily to aid the movement ^{of the joint} and to increase the circulation. The internal semilunar seems ^{to be} in good condition and in my opinion

③
He should be ~~up~~ able to get back into practice
scrimmage in a very short while.

I would advise him to do pleasure
skating for a while, ⁱⁿ that it may tone
up and strengthen the capsular ligaments
of the knee. I have given him a set
of exercises designed to strengthen these
ligaments further.

I would advise him while he
is exercising on ice to wear the ace
bandage reinforced by an elastic
bandage over the right knee.

In addition to this he should
take diathermy treatments during
the convalescent stage at least three
times a week or every other day.

In two weeks time he should
be able to enter game competition.

This injury has been a very stubborn
one but I am happy to say that I
believe that he is now much on the mend.

If there is anything that I can
do further in the way of advice
or suggestion do not fail to
to call upon me.

Later I should be happy
to ~~know~~ ^{know how} he performs in competition
and also to learn if he has any
recurrence of his ^{previous} trouble.

Sincerely yours,

Ernest Allen

Dear Pat:

I had agreed to speak at Salina on June 6, but Dan Bolen, the chairman of the committee who was to have me, cancelled the appointment, so I will not be in Salina.

I am sorry to learn of the knee injury. Doubtless the flutter kick in swimming might have done something to your knee. When you relaxed it entirely and then put tension upon it as you would in a flutter kick, I would not be surprised if you would have some trouble.

I would not know, of course, whether the knee is in place or not. My best advice would be to have you determine what reactions you have on locomotion.

I will be glad to hear from you and I hope your knee is better.

Sincerely yours,

Director of Physical Education,

Dear Dr. Allen,

At your suggestion I have taken the liberty to write you concerning the condition of my knee.

The days I have been home my knee has felt exdeptionally well. But Memorial Day I went swimming for a little while and just as I was about to get out my flutter kick got the best of me.

I have done considerable running and exercise at your suggestion. My leg feels all right except for a tingling in the knee when pressure is applied.

While in Lawrence, you told me that you would be in Salina, June 6. If you would call me and let me know where I can meet you at your convience, or if it is convient at all, I will be only to glad to do so.

I would like to know if you think it is still in place and what the reactions were.

My telephone number is 3590. Our street address is 130 W. Crawford.

Sincerely yours,

Pat Lanahan

Dear Sir:

If you have any literature on basket-
ball I would appreciate you sending me
some, I want to improve my game if
possible.

I am 15, a sophomore in Highschool,
and playing on the first five. We hope and
think we may take the State Championships
in B Class this year. This school has went
to the Championship for the last three
years in succession and also before this
time, they have went but never taking
1st place. There is only sixty in Highschool

Mr. William Lindquist,
1007 Central Avenue,
Kansas City, Kansas.

Dear Bill:

I was awfully glad to hear from you. I am glad to know that you landed a job with the Chrysler Motor Products Company. I am sorry that the Standard didn't really appreciate it when they had an opportunity to hire a good man.

Yes, sir, Bill, they awarded letters, and awarded William Lindquist a K in basketball. The athletic board met last Friday and made the awards although it hasn't been in the paper. Karl Klooz was waiting until he could get all of the board together and that accounts for the delay. So you are a full-fledged K man, even though it hasn't been in the paper. You see, I don't have anything to do with that, Bill. It was in the Journal World, but I do not know why the Kansas City papers did not carry it.

I am not sure just what they will do with the 4F's. We are meeting this afternoon with our Selective Service Board at the Community Building and we may learn more, but some of the instructions regarding the 4F are still rather vague. I do not believe the authorities are together on the disposition they are to make of the 4F boys as yet.

Sunday afternoon I was at the wedding of Lt. Bill Arthur, Navy bombardier, to Shirley Bayles, the daughter of the Superintendent of Buildings and Grounds here. The reception was at the Theta house and I saw APO McSpadden with his sweetie, Miss Ainsworth. They both looked mighty swell.

Tiger Dean is still making fire around the campus, just as you described him. Dean will be glad to get your message and he will follow your orders.

You count on my helping you at every possible opportunity. Give my regards to your good folks. And stay in there and pitch, Bill. Come see us when you have an opportunity.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Dr. Allen —

A bogus check always comes back so here I am. How are you Dr.? Received your letter a couple of weeks ago and was glad to hear from you, as I thought you ^{would} never pay any more attention to me for all the trouble I was to you during the past four months.

After all said and done I really enjoyed being at N. Y. and, above all, playing ball for you. It was a tough fight but I would not trade it for anything.

Have scouted around for a job and I am finally going to work tomorrow at Chrysler Motor Products Co in the Fairfax District.

Bill Lindquist

In the meantime I have been working at the street department. I looped around about a week and couldn't quite stand it so Dad put me to work.

Or, I did want to ask you one question. Are you being able to award letters for the past season? I had never heard and thought I would find out for sure.

It looks as though I might be in the army pretty soon. I think they should do something with the "physical wrecks" instead of drafting men with 3, 4 + 5 children. I forgot you were on the draft board. I suppose all the 4-F's around Lawrence will be put in the service now. ha! ha! Could you express your authority down Kansas City way?

Bill Lindquist

How is old "A.P.O." McSpadden
doing? There is one sweet "Jayhawker"
I suppose "Tiger Dean" is still
making fire around the campus.
If you see him, tell him "4-F"
said hello and be sure and
"keep ^{his} jaws knes beat."

Well Doctor I have said
too much now so I had better
close and give my best regards
to Mrs. Allen. I remain,

Sincerely,
"Dill" Lindquist

P.S. Thank you very much for sending
such a letter of recommendation to the
Standard Oil Co. At the end they didn't
want to offer me nothing at all. I
also put your name in at Chrysler Motors.

Mr. Norman Locking,
c/o The Arena,
Cleveland, Ohio.

Dear Norman:

I have been wondering with a great deal of interest how the old kick in that knee was coming along. Dean Nesmith, Henry Shenk and I were talking this morning and Dean said that he heard a broadcast of a hockey game the other night and that Locking's name came in for quite a bit of mention, and incidentally, quite a bit of praise.

Norm, we are just wondering how the knee is getting along. Won't you drop me a line and let me know actually how it is? Do not embellish the report. If it hasn't been getting along well, or if it did not mend rapidly, tell us the worst first. We are all interested in you and we are hoping that the knee is O.K., although we do realize that age catches up with all of us.

With all good wishes from your good friends here at the University of Kansas, I am

Gentlemen:

To the fighters on the war fronts and the workers on the home front, "right eating" is an important subject. What we eat determines to a large degree how well we tackle and complete our wartime assignments.

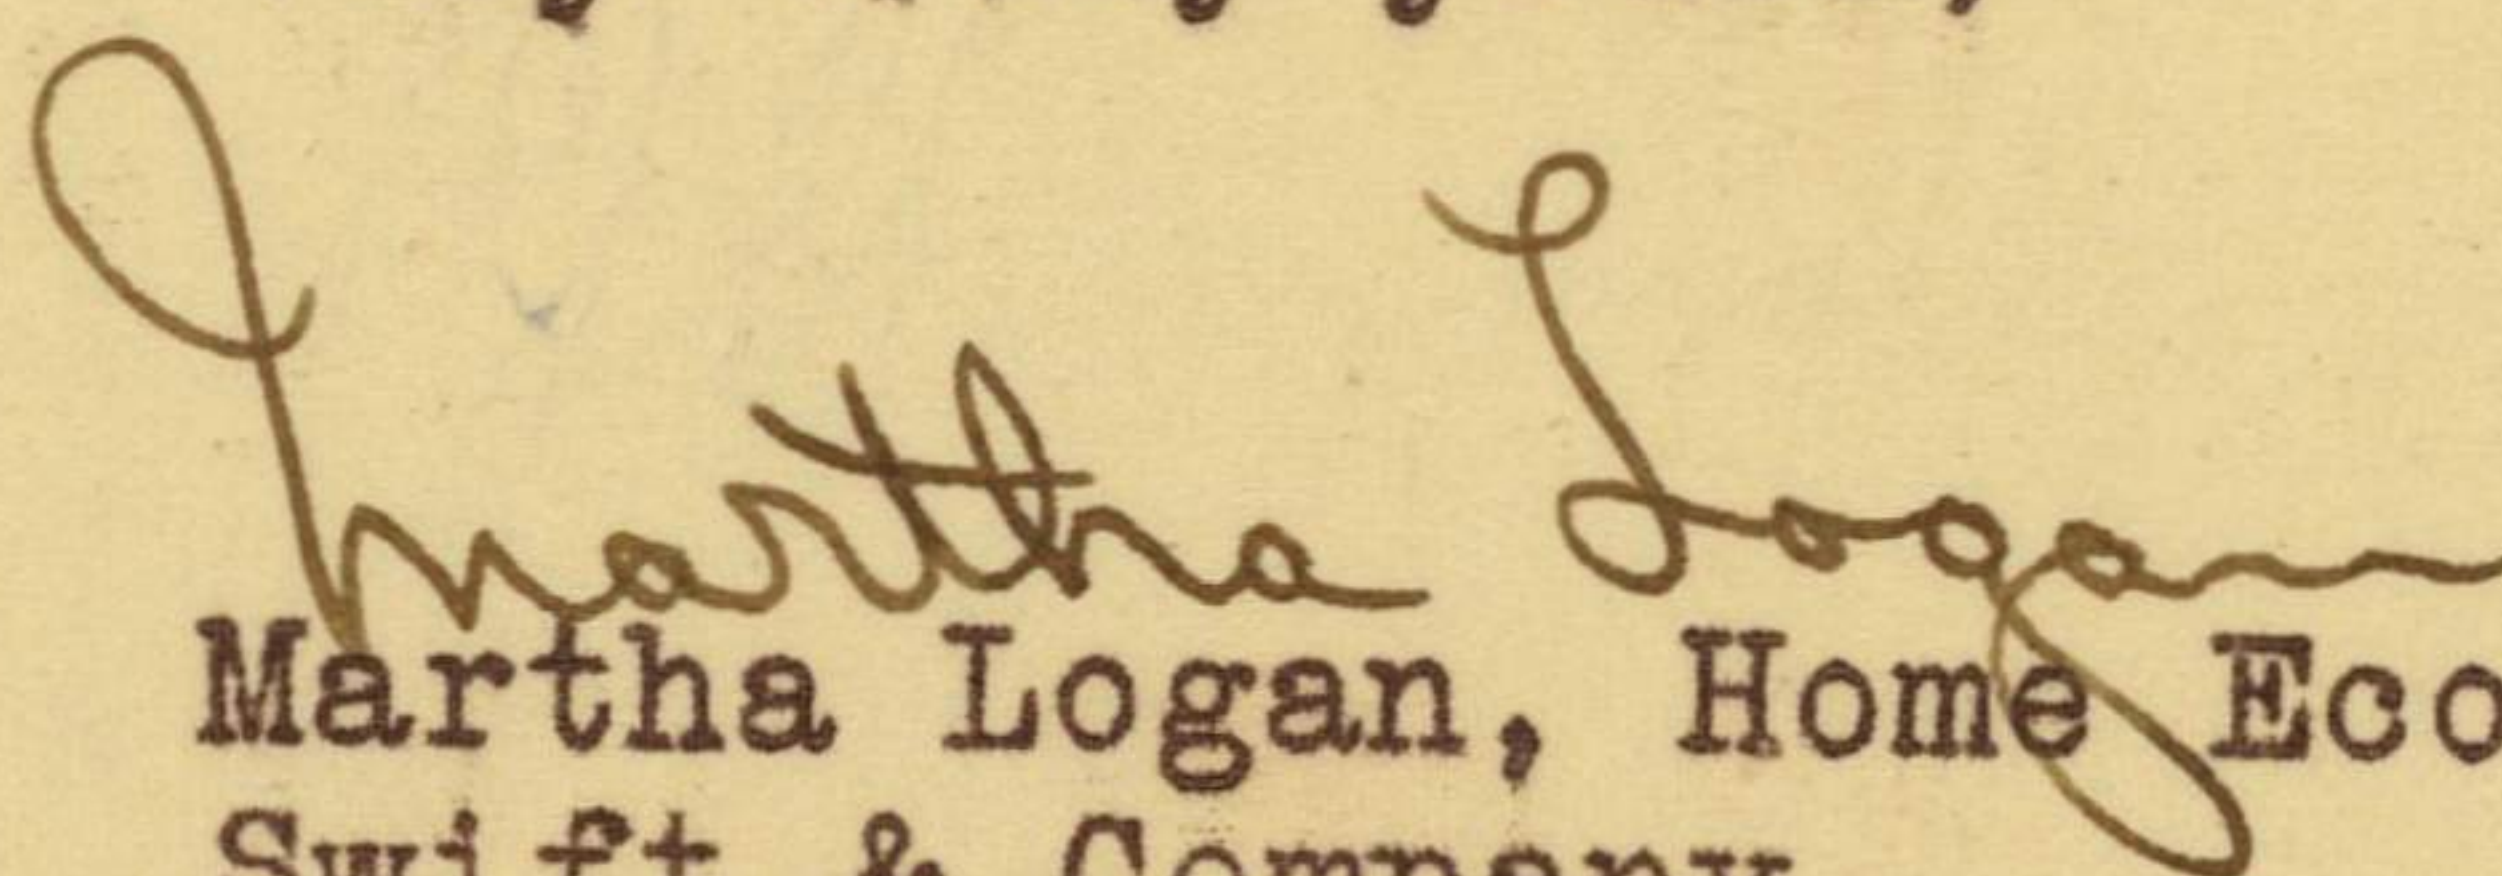

Right eating is an individual job. Every person in this country should be aware of its importance and the necessity for doing something about it every day.

Our film "Hidden Hunger" was produced to help drive home facts about good nutrition. Many school and church groups, PTA organizations, and service clubs have already seen, enjoyed, and praised "Hidden Hunger". We now have this film in 16mm. size, sound on film, available to your group, free of charge. The film carries no advertising, and we think you'll find it makes a worthwhile club program.

"Hidden Hunger" is 30 minutes of good, wholesome entertainment, plus some sound instruction on right eating. The first 20 minutes of the film (in black and white) weaves good nutrition into an entertaining story starring Link Squires, played by Walter Brennan, three-time Academy Award winner. The last 10 minutes (in Kodachrome) supplies some vital educational material on "Eat Right to Work and Win".

We shall be glad to send you "Hidden Hunger" for showing any date you wish. Just let me know on the enclosed card when you would like the film.

To Whom It May Concern:

I am very happy to commend for your serious consideration Dr. Harvey R. Lindenberger, dental physician of Lawrence, Kansas.

Dr. Lindenberger has practiced with outstanding success here for seventeen and a half years. He is a member of the American Legion and Veterans of Foreign Wars. He has been very active in these organizations as well as all civic groups. He is one of our outstanding citizens.

He is married and has two sons, both of whom are in the service - Kenneth in the Navy and Gerald in the Army.

I am very glad to testify to his character, integrity and standing in this community.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
