Lawrence, Kansas  
Dear Sir:

If you have any literature on basket-  
ball I would appreciate you sending me  
some, I want to improve my game if  
possible.

I am 15, a sophomore in Highschool,  
and playing on the first five. We hope and  
think we may take the State Championships  
in B Class this year. This school has went  
to the C championship for the last three  
years in succession and also before this  
time, they have went but never taking  
1<sup>st</sup> place. There is only sixty in Highschool  
boys + girls together.

Respectfully yours

Wayne Leamon
