

February 19, 1940.

Mr. R. E. Weinzettel,  
Medart Manufacturing Co.,  
St. Louis, Mo.

Dear Roy:

I am enclosing copy of a letter I have just received from Mr. Edward J. Hickox, of Springfield College, in regard to the backboard. Mr. Hickox is a member of our Research Committee, and I believe it would be well if you could have the board send on to Springfield, Mass., so that they could try it but before our Rules meeting in Kansas City in March.

Sincerely yours,

Chairman, Research Committee,  
National Basketball Committee.
