Head of the department addressed:

You will recall the recent meeting at which the matter of the Prisoners of War at Concordia was discussed.

At that meeting, Mr. Malott requested that this office be the clearing house for the University.

The conclusions reached at the meeting were forwarded to the United States Army officer in charge of prisoner education. The material requested of the prisoners has been submitted.

Attached you will find the course outlines and examination questions in the following subjects in your department.

Theory of Tools and Sporting Matters 6 S 1080

Theory of Instruction and Education 6 S 1081

Selected Parts of Gymnastics
Exercises 4 S 1083

Practice of Sports 6 S 1093

At your earliest convenience, please examine the courses of study, and indicate if the outlines require adequate material for the hours devoted to each subject.

You will recall that it is the purpose of the University only to certify to the material covered in relation to the class hours devoted to study, and in no way are we to be responsible for the quality of the instruction or the qualifications of the instructors. Further, we are not responsible for the grading of students.

Since time is limited, an early written reply concerning the adequacy of the materials in relation to the hours spent is requested.

Sincerely yours,

Fred S. Montgomery
