

just south of Maupville is
about as nice quail hunting as
you will find in Kansas
so if you plan on getting
out of quail hunting behind
a good dog why not come
up to Maupville and hunt
with son and his Bud dog
"Mac" - I'll guarantee you
good hunting - and a good day
of sport - then when you
come in from hunting that
evening will have a good
pheasant dinner with all the
trimmings - a can of Channell
quail, Turkey or in our
best fish we have in our
flocker - or the best great big
juicy steak you ever ate in
Kansas - But lets get busy on
Premier and Little - will see
you the day of the Aggie
game.
Sincerely
Geo D Mac Leod
