The very lengthy epistle addressed to Mr. Hugh Fullerton may fatigue you, but there is a lot of meat in there, brother. Whether some of the boys can find it or not remains to be seen, but there are some thought-provoking arguments in some of these pages.

Dear Doc:

We were very glad naturally to get Brookfield; he is quite a ball player as you know. However, within the next two or three weeks we are going to lose two of our regulars, one of whom Kester is in the Air Corps Reserve and is to be called in January and the other is Naylor who will go sometime in January. I think the team to watch is Oklahoma, and who ever heard of figuring the dear doctor short of a championship. That leaves me with Ray Wehde and Oulman as Roy Wehde is just fair. I have a Pittsburgh boy, but he was just a freshman sub on the team there last year. He won't help us any.

Best wishes to you and yours for a happy and successful year.

Dear Louie:

Congratulations on the reception of Price Hookfield to your basketball squad. You will really make it tough on the opposition with this fine player in your line-up.

I am sending you a clipping from the Lawrence Daily Journal-World of last Saturday. I was afraid that there might be some misinterpretation in what I said, so I am mailing it to you personally. I want you to know that I know of no one I would rather see win the Big Six than Louie Menze. I think you would have won it anyhow without the big boy, and now it becomes just a breeze or a canter, not a race, but you have got it coming to you and I am happy for you.

The answer that I spoke of -- I still don't like the California kike.

Dear Dr. Allen:

Thanks for your letter of November 10.

I am sure that we understand each other as concerns the matter of Goal-Hi Rules Book. I fully agree with you about the change that will involve adjustment of the goal height.

The important thing is that you stop in to see us when you are next in St. Louis.

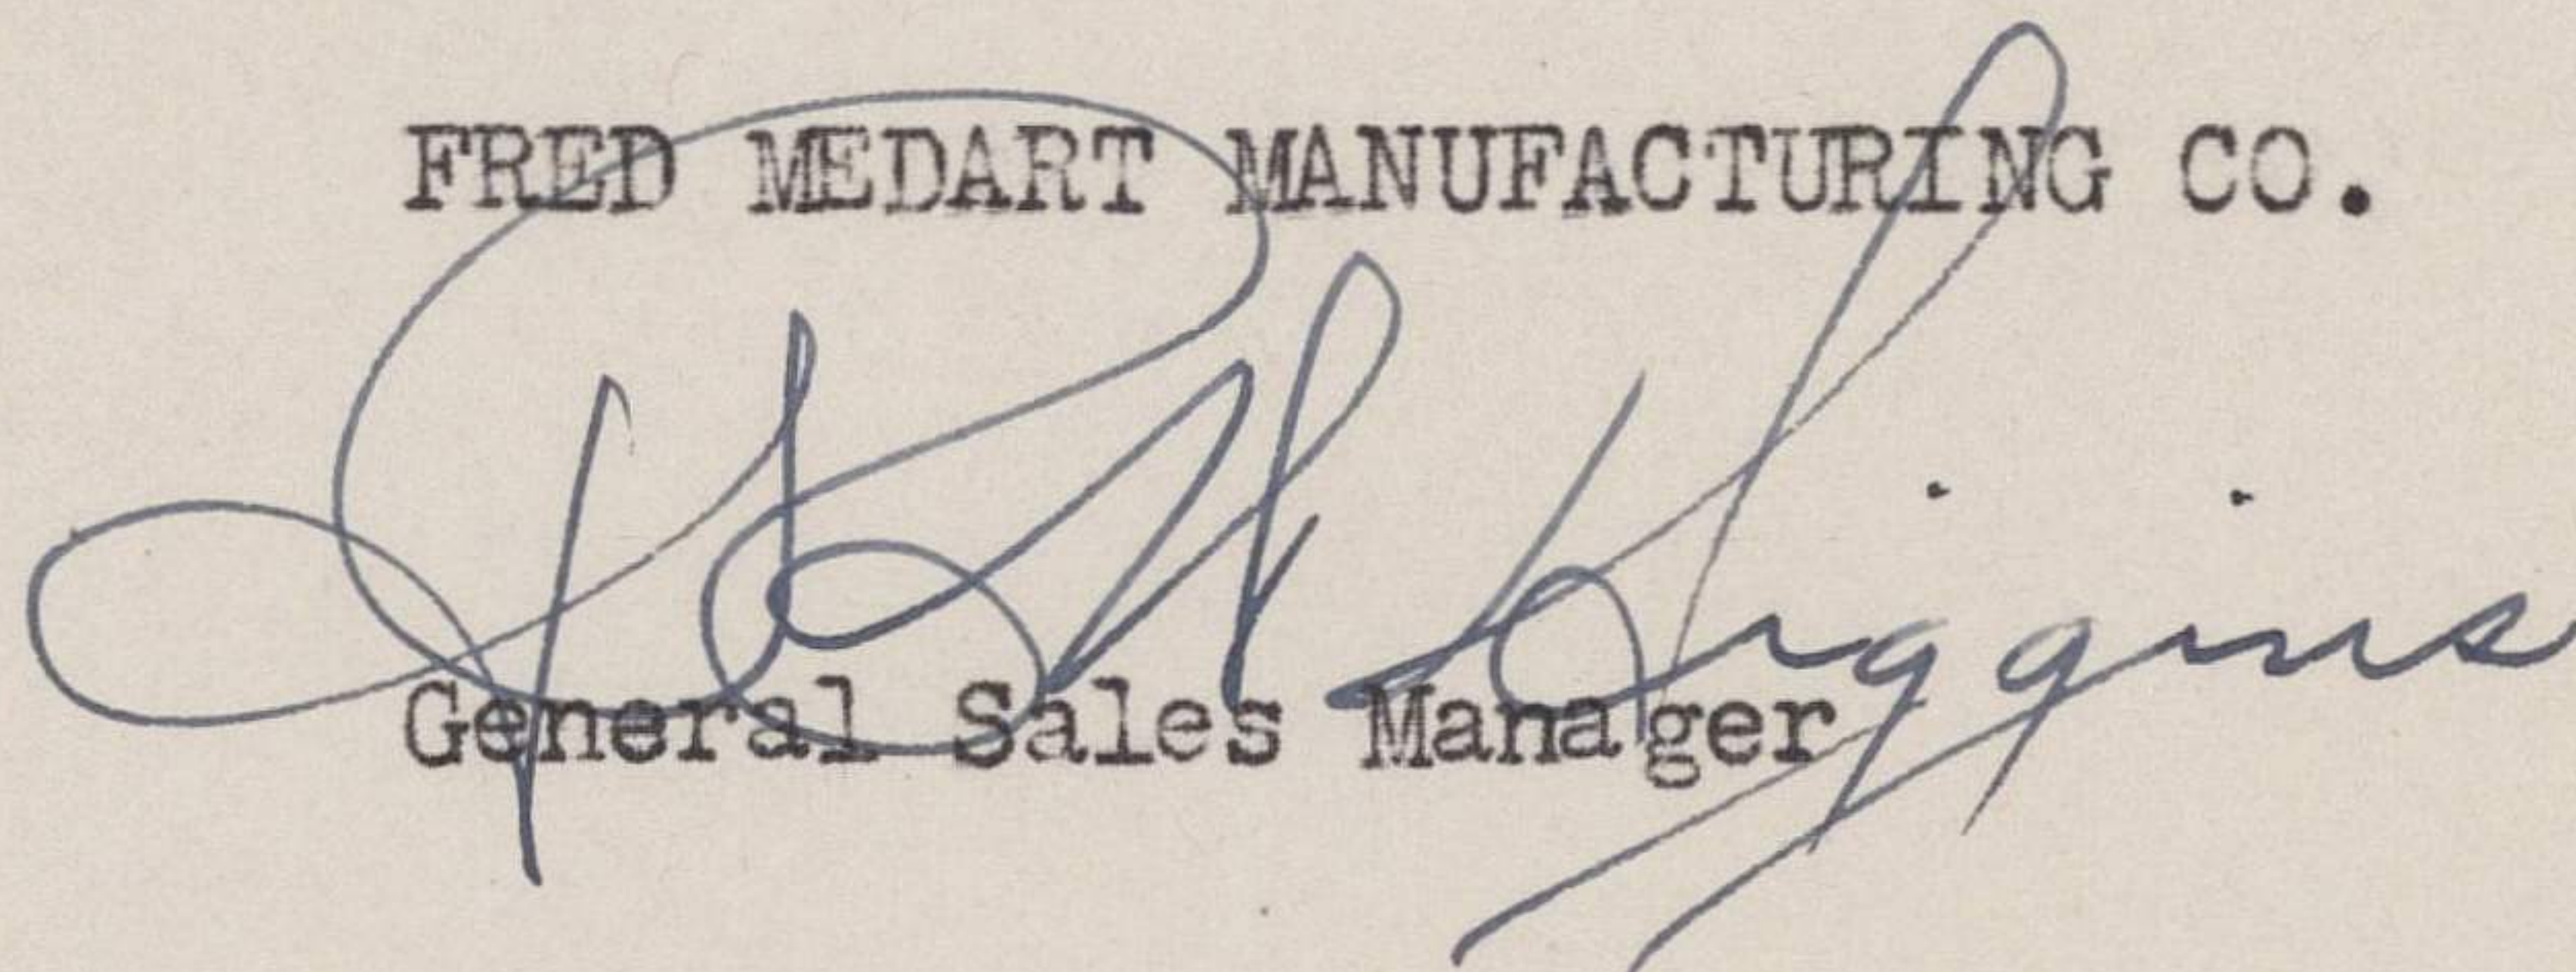

Roy Weinzettel now has an APO number. I believe he has been overseas for approximately thirty days. Where, I don't know. I will ask Bill Robinson to give you Roy's APO address.

Bill Robinson is doing quite all right. He is now in charge of the Apparatus Division and is doing a fine job.

Looking forward to seeing you,

Dear Mr. Maddock:

I haven't heard from you for quite some time, but I trust that you are still kicking as vigorously in a constructive way for Eastman as you were when I last saw you. I always keep your "holly on the celluloid", with the boss's signature, on my desk before me.

Our publicity man desires to get a cut of Dr. Naismith holding a soccer ball and me holding a varsity basketball for the Jayhawk Rebounds which is our basketball program cover for the basketball season. I referred him to the film but he says that is a negative and he cannot print from that. I am wondering if you would be kind enough to give us permission to use these two prints on the front of the Rebounds program. It would be necessary that you make a print, and we will not use it any other way. And if necessary we would be glad to give you credit for the same.

Inasmuch as we play our first game December first we would appreciate it very much if you could get these two prints for us. I refer to the prints that we used in our Basketball Fundamentals that your firm took for us. Please do not feel that we would expect you to get it out in that time because we will use something else if it does not arrive, but we would like to bring Dr. Naismith back to the campus in spirit as he was here so many years, and this is the best picture of him that I know of. And it brings to the people the historical fact that he started basketball with a soccer football.

With all good wishes to you and your colleagues, I am,

Yours for Victory,

Dear Doctor Allen:

It seems we just can't get together on a game. I regret that you won't be able to play the Aggies this season--- it would be a fine match and I'm sure there would be no untoward incidents on a neutral court here. However, you know your own situation. I'm sure you'll get together later.

Bruce Drake has a large squad working out nightly. Nothing sensational discovered so far--- most of the boys aren't too tall. George Edwards told me in Columbia he has his boys out four nights a week and doesn't have much--- mostly boys who couldn't make the squad before.

But I believe it will be a good season for teams in spots where the fans can get to the games.

We'll be seeing you at Norman, although we couldn't make it here.

Yours very truly,

Dear Louie:

I find that I have failed to answer your good letter. Just want you to know that after you expressed yourself as you did regarding Kansas State I was in favor of going along one hundred per cent with you.

Mike sent us some dates that he wanted and we changed our schedule with some service teams so that we gave him the dates he desired. He wrote: "Thanks very much for your successful efforts to arrange a basketball date with us at Lawrence on January 18th. We feel that the directors of the Big Six and the basketball coaches have been very considerate in holding basketball dates for K-State."

I think it is nice of Mike to show his appreciation for your and other coaches cooperation.

By the way, Louie, I am sending you one of our Jayhawk Rebounds, No. 5. Each month I get this out to the boys. I do not know whether you or the boys at Iowa State are doing anything like this, but it is something I like to do that keeps our boys informed as to the others' whereabouts. When you were so kind to say the nice things you did about Eleanor it occurred to me that I would send you this and you could get the dope on the Allen family.

Our love to Mattie and best regards to Bob and Keith.

Dear Doc:

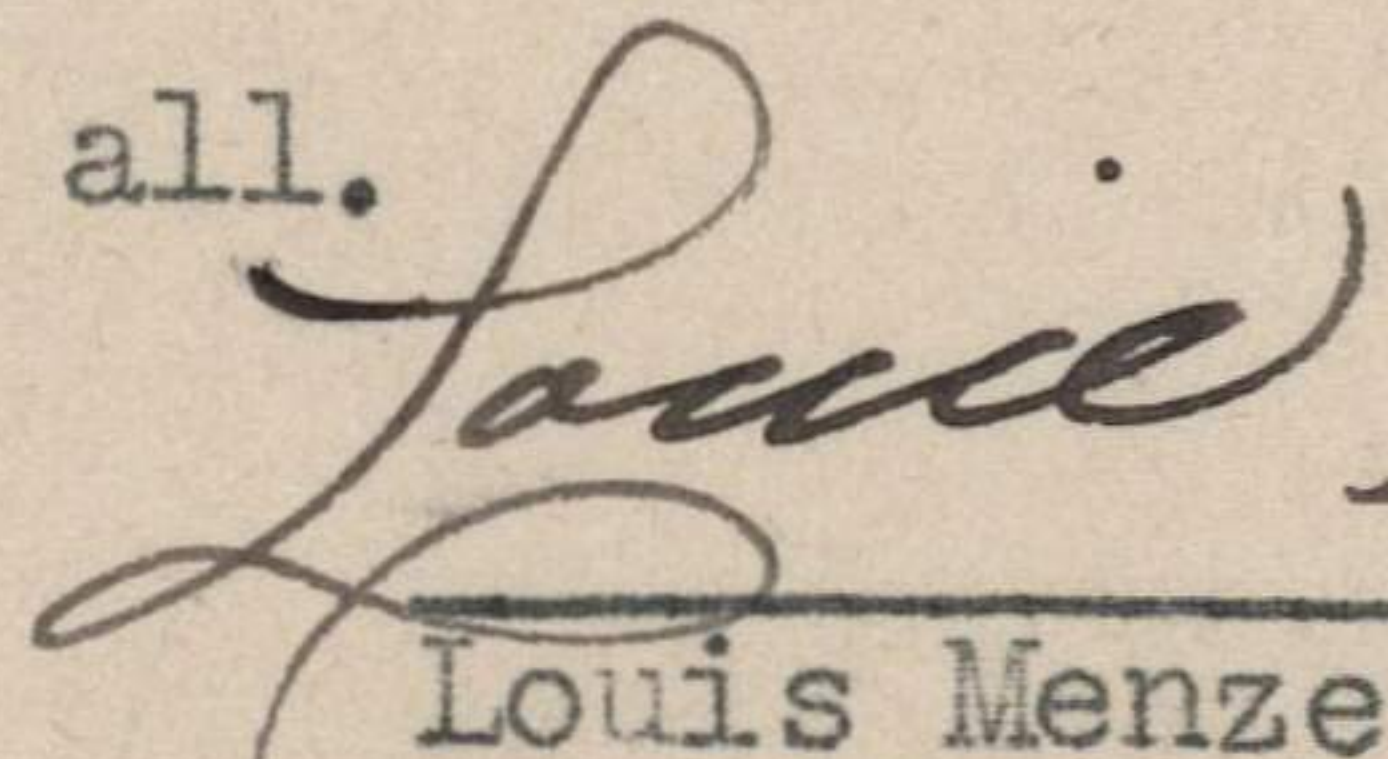

I received your letter relative to polling the coaches so that we could draw up another schedule to include Kansas State. Would you accept this as an alternative idea? We have drawn up this one schedule with five schools and in many cases have arranged our nonconference schedule to fit in with this schedule. I know this is true in my case.

Kansas State has never stated that she intends to play a conference schedule; it may be she plans on playing pretty much a local schedule. I talked with Veenk when the announcement of Kansas State came out in the paper. He felt that it was up to Mike Ahearn to contact us and said that we would wait until we heard from Kansas State before we would do anything.

Just expressing my own feeling, I would say this. If Kansas State is desirous of playing each of the other schools, then we should try to fit her into our schedule. This could be handled by correspondence, between Kansas State and the other schools, rather than have another meeting and draw up a new schedule. It is up to Kansas State to start the ball rolling if she is interested in this kind of a schedule. Be glad to hear of your reactions to the above.

Saw a picture of Eleanor in the Kansas City paper. She is a beauty.

Best wishes to all.

Dear Lieut. Emery:

Dr. Forrest C. Allen has advised us of your interest in Goal-Hi. With this letter we are sending circular which describes the outfit we are still in a position to furnish.

Our #907 standard is net to you at \$52.00 each f.o.b. cars factory, shipping weight 115 pounds each. This item is not subject to excise tax nor do we need priority rating to furnish it. Prompt shipment can be made from stock so long as existing stock lasts. Our terms are 30 days net cash.

In addition to Goal-Hi equipment, we are permitted by the War Production Board to furnish any items of gymnasium apparatus for delivery to the Armed Forces. Separately we are sending copies of catalogs. As you find items of interest as you review our literature, advise, please, and prices will be quoted you.

Dear Doctor Allen:

I was sorry to get your letter saying that you won't be able to compete in the All-College tournament because I had held out just a little hope that perhaps Kansas could enter.

If there's ever a chance later we certainly would feel honored to have the Jays here.

Since you can't come to the tournament, do you suppose there's a chance for you to play the Oklahoma Aggies here sometime this winter? I know this is a little irregular, scheduling a college game through a newspaper, but I admire greatly both you and Henry Iba and I'd certainly like to see your teams together again this winter. Since it seems you might have trouble getting together in Lawrence and Stillwater, how about a neutral site--- the auditorium here? I'm sure we could make a very attractive doubleheader out of it and there should be some money in it for both of you.

If it's at all possible for you to consider such a date, won't you let me know and I'll see whether Iba wouldn't be interested?

Yours sincerely,

Hal Middlesworth
