Dr. Forrest C. Allen  
Director of Physical Education  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

I am still planning to attend the summer session and taking the course, "Treatment of Athletic Injuries," if it is offered. In addition, I intend to take two courses in the School of Education.

I talked to Dean McNabb yesterday, and he is planning on the course, too. I believe he said that he was writing to you, also.

I appreciate very much your interest in us and your efforts in having this course offered this summer. Thanks a lot. I am planning on a pleasant summer school. Will see you at enrollment time a week from Monday.

Respectfully,

*Chas. Mills*
