

when I did because I think I was just getting started. Perhaps something else will pop up when its finished

Jean is here with me in Fla. She likes it very much except that the heat is finally getting to be to much for her. It is very nice to have her with me even though our time together is very short.

I had best close now and get on over to chow. Give my regards to your family and others I know who may still be in Lawrence. Jean also sends her regards
