

October 15, 1942.

Mr. Fred Montgomery,
Bureau of Visual Instruction,
University Extension Division.

Dear Monty:

The enclosed copy of a letter I have sent to the Chancellor is merely a progress report to you on the arrangements we have made for the Navy to use the large intramural field (Spencer Field) for their drill and inspection purposes on Saturday mornings.

We are happy to cooperate with the officers of the Naval Training Station.

Sincerely yours,

Director of Physical Education
Varsity Basketball Coach.
