

Of course it would be the
coldest winter in years.

Howard is back in school.
Just had a letter saying he had
pledged E. V. He talked it over
during the holidays. Last year he
wasn't interested in fraternities at
all but has formed close friendships
with a couple of E. V.'s so I guess
that explains his new feeling. His
term starts his junior year & he
was admitted to DuChesne school, which
is the 8 or 9 month business
school. So now we just wait and
see what happens after May.

I can't write without sending my
love to Mrs. Nutter and wishing her
well. I'd love to be able to spend a
day visiting with all the old department
gang. Until that wish can materialize I
greet all of them for me will you
our best as always,
E. L. Abbott
