Dear Fogg:-

The sports section today announces
your triple victory, for which I
congratulate both you and your men.
What a world we are living in?

It used to be just about a team
sized job to beat one club in an
evening - and here you pull a stunk
like this one - Its great. I am sure
Doc Naasmith rolled over and at least
grunted. Wishing you continued
success, I shall always remain

Your friend

George La Motte
