

Since basketball is placed on the number one list of activities for getting men into physical condition, we of course will stress basketball in intramurals. And since this war carries our men over the seven seas it is necessary that they be proficient swimmers. It is to aid the war effort that we will primarily stress these activities. The four-point program is aquatics, gymnastics, combative activities, and sports and games.

Since I have written a great deal on basketball, and since the University of Kansas was rather outstanding in that, you might want to use some of the space that you would not use for the schedule.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
